ACKNOWLEDGMENT

The words can never express the indebtedness, but I dare to take this opportunity to pay my deepest sense of gratitude with profound obeisance towards my reverend Professor Dr. Hari Shanker, Associate Professor, Department of Soils & Agricultural Chemistry, C.S.Azad University of Agriculture and Technology, Kanpur, whose valuable guidance, constant endeavour and constructive suggestions have made this task a success. I heartily acknowledge his kind service.

I am also indebted to Dr. A.N. Pathak, Head, Deptt. of Soils and Agricultural Chemistry and Dean, College of Agriculture, C.S.Azad University of Agriculture and Technology, Kanpur, for his critical suggestions and encouragement.

I gratefully acknowledge the prudential help extended by Dr. R.S. Singh, Dr. R.M. Upadhyaya, Dr. K.N. Dwivedi, Assistant Professors, and Dr. B.D. Dwivedi, Sri V.P. Tiwari and Sri I.P. Pandey, Lecturers of this department, in completing the work.

Few words merely would not enough for to express indebtedness to Dr. J.S. Sindhu (Legume breeder), Dr. R.K. Pathak, Assistant Chemist (Oil seeds), Sri S.R.S. Chandel, Assistant Prof. (Statistics) and Dr. M. Pal, Dr. Manbir Singh and Dr. Amar Singh, Assistant Agronomists for their help and cooperation extended at various stages of this investigation.

I would also like to thank Sri Ram Asrey Singh, Deptt. of Soils and Agril. Chemistry for performing the arduous task of typing.

Last, but not the least, my earnest appreciation goes to my wife Prema Yadav for her kind forbearance during the period of my research work.
