ACKNOWLEDGEMENT

This is a golden page for those persons, who have devoted their time and ideas and played an invaluable part in making of this thesis.

I would like to express my sincere gratitude to Dr. S. V. Patil for his guidance and suggestions. I feel this thesis is an expression of the hard work carried out under his guidance.

The name Dr. V. B. Gaikwad needs a very special attention in the entire process of my research carrier. He not only extended the administrative and infrastructural support for this work but motivated me in achieving the targets with sincerity and honesty. He has always encouraged me with his words and actions, remarks and reactions. I thank our principal Dr. D. M. Dhonde for infrastructural support for research.

I am grateful to Council of Scientific and Industrial Research (CSIR) for awarding the research fellowship during present work. Thank you to members of the department of chemistry who made me feel a part of the “chemistry” family. My special thanks to all my research colleagues Dr. Shivaraj Patil, Mr. Shrikant Kanawade, Dr. Prashant Nikam, Dr. Sharad Gaikwad, Mr. Amar Patil, Mr. Ghanashyam Jadhav, Dr. Santosh Shinde, Dr. Someshwar Deshmukh, Mr. Sachin Gangurde, Mr. Kunal Dingore, Mr. Rahul Watpade, Mr. Kiran Gosavi, Mr. Keshao Mahale Mr. Ajit Sansare for their co-operation during my experimental work in laboratory.

My special thanks for Dr. V Balasubramaniyan for his valuable suggestions for my experimental as well as theoretical work in laboratory. Some peoples really lives special life there devotion, hardwork, consistency makes them special, Dr. V Balasubramaniyan is the person inspired me towards the chemistry.

I would like to thanks, the Management Nashik District Maratha Vidya Prasarak Samaj, Nashik, late Dr. V. N. Pawar, for giving me permission to do research work in the Organic Chemistry Research Centre, Department of Chemistry, K. T. H. M. College, Nashik-422002. I am also thankful to Nilimatai V. Pawar for facilities. I shall always recall with affection the kind co-operation and valuable suggestions of Dr. M. N. Jachak, Dr. V. D. Bobade, Dr. A. V. Borhade, Prof. B. M. Padwal, Dr. A. D. Bholay (Dept. of Microbiology), Dr. J. S. Aher, Dr. A. E. Desai (Dept. of Zoology), Dr. V. J. Medhane, Dr.
R. B. Toche and Dr. N. D. Gaikwad who helped me in all respect through the useful discussion during my research work. I acknowledge Dr. Vaishali Shinde and Mr. Dattatray for helping me all time to scan $^1$H, $^{13}$C NMR spectra.

I invariably feel short of words to express my sincere thanks to my mother Sunanda and my father Shivaji whose efforts have brought me to this stage who always inspired me and provided constant support to me in my decisions and whose blessings made the journey worth the effort.

I express my sincere thanks to my elder brother Mr. Yogesh (Dada) seems like a "Candle" for me which burns itself but gives light to others. I thanks my elder brother Mr. Mahesh and sisters-in-laws Yogita and Sharada for their valuable co-operation and inspirations throughout my research work. My special thanks to all my friends Dinesh, Ganesh, Ghanashyam, Yashwant, Kunal, Prashant, Nitin, Prasad, Chetan for their help and encouragement during my research work.

I deems it pleasant duty to record the unstinting moral support and understanding patience from my wife Savita and son Aarav during my long ordeal for research efforts. I must also mention my feelings towards my niece Kadambari (Mau) and nephews Bhavesh (Shree), Vedesh (Vedu) and Slok for their love and supportive participation.

"Life is a journey with problems to solve, lessons to learn, but most of all experience to enjoy and travel next- I am ready for next advanture in life"
