ACKNOWLEDGEMENTS

I am highly grateful to my Supervisor, Dr. (Mrs.) Madhu Panjwani, Reader, D. A-V. Post Graduate College, Kanpur for suggesting me this problem and thoughtful guidance throughout the course of this investigation.

My sincere thanks are due to Dr. N.C. Mehrotra, Director, Birbal Sahni Institute of Palaeobotany, Lucknow for providing library facilities without which the present study would not have been possible.

I am also grateful to Dr. Mahesh Prasad, scientist ‘E’, Birbal Sahni Institute of Palaeobotany, Lucknow for his help in many ways during the thesis work.

I am also grateful to Dr. Rekha Sharma, Principal, D.A-V. Post Graduate College, Kanpur, U.P. for providing basic facilities during the progress of the work.

My thanks are also due to the authorities of the Central National Herbarium, Sibpur, Howrah, West Bengal for providing necessary facilities to consult their Herbarium for the identification of fossils collected from Siwalik sediments of Tanakpur area, Uttarakhand.

I am also expressing my sincere thanks to all the friends and those who has helped in this work. I would like to mention the names of the Research Scholars, Drs. S. M. Pandey, Avanish Kumar and Ankit Kumar Kannaujia who have provided help during the collection of fossil materials from Tanakpur area, Uttarakhand for the present study.

I am forever indebted to my parents and family members for their understanding, encouragement and support when it was most required.
In the last, but not least, I express my thanks to the staff of Botany Department, D. A-V. Post Graduate College, Kanpur for their help in many ways during the progress of the work.

ALOK
