ACKNOWLEDGEMENT

I feel immense pleasure to express my heartfelt gratitude and sincere regards to reverend academician Dr. V. B. Singh, Associate Professor, Department of Agricultural Extension, Kulbhaskar Ashram (P. G.) College of Agriculture, Allahabad of C.S.M. University, Kanpur for his inspiring and valuable guidance, constructive criticism, constant encouragement and unflinching support throughout the course of investigation. I have no hesitation to express that had the valuable support and help not been given by him, this would have not received its present shape of manuscript, which I am going to submit for the award of Ph. D. degree in Agricultural Extension from C. S. M. University Kanpur.

It is a matter of great privilege as well as fortune to me to express my deep sense of gratitude to Professor J. P. Yadav, Director, Directorate of Extension, Dr. Daulat Singh, Ex. Director, Directorate of Extension, C. S. Azad University of Agriculture and Technology, Kanpur, Professor V. K. Singh, Chief Training Officer, K. V. K. Jhansi, C. S. Azad University of Agriculture and Technology, Kanpur, Dr. M. P. Azad, Professor (Retired), Department of Agricultural Economics, Dr. K. B. Singh, Associate Director, Directorate of Extension, Dr. R. P. Singh Professor and Head Department of Horticulture, Dr. Chandrodaya Singh, Professor & Head, Department of Animal Husbandry and Dairying and Dr. R.R. Singh, Associate Professor (Retired), Department of Plant Pathology, C. S. Azad University of Agriculture and Technology, Kanpur for their sincere advice and encouragement given to me during the course of investigation.

I am very much thankful to Marketing and Personnel Department of my esteemed organization, Gujarat Narmada-Valley Fertilizers Company Ltd., Bharuch, Gujarat for granting me the permission for take up the research
programme for the award of Ph.D. degree. I owe my sincere thanks to Sri P. B. Nanvati, General Manager (Marketing), Sri R. B. Desai Additional General Manager (Marketing), Sri V. S. Sirohi, Senior Marketing Manager (U.P.), Sri N. K. Thakur, Marketing Manager, Varanasi and other my senior and junior colleagues and officials of other organizations engaged in promotion of Fertilizer Industries in India for their suggestions, encouragements and blessings.

I am highly obliged to Sri Ashutosh Singh, Marketing Manager (Haryana) who inspired me to take up this work in Rajasthan and helped me at each and every step in generating the information on various intricate problems of present investigation when I was working in Rajasthan. I express my personal regards to him and his family for their ceaseless affection.

I feel nevertheless indebted to express my sincere feelings of appreciation and gratefulness to the respondent farmers, Kray-vikray Sahkari Samiti, private distribution agencies of fertilizers, statistical departments, District Panchayat Departments and of Department of Agricultural Extension, District Sawai Madhopur, Rajasthan, who helped me at every step of my present investigation.

I express my sincere regards to my father Sri (Late) Amar Pal Singh, who always encouraged me for higher education. For reaching to this destination, I have always received the mother's love and inspiration, I pray to Almighty to give her long life. I fail to find appropriate word to express my deep sense of gratitude to my uncle Sri Dharam Pal Singh, Principal, Janata Inter College, Barsathi, Jaunpur for his long sustainable guidance, perfect nurturing and whole hearted love, which brought me in this position to see this auspicious moment. I am also grateful to my elder brother Sri D. S. Singh, Assistant Commissioner, Trade Tax Department, Gonda (U.P.), and my father-in-law, Sri Kamta Singh, Ex-Principal, B.N.B. Inter College, Mariahu, Jaunpur and other my family members who encouraged me whole
heartedly for completion of this thesis work and I firmly believe that this work could not have been completed without their blessings.

My heart full thanks are also due to my pains taking sweet and courteous wife Smt. Veena Singh for bearing with me all the social and personal liabilities imposed on. I also express my heart full love to my daughter Shruti and son Koshalendra whom I kept in isolation to complete this arduous task to write the manuscript of this thesis.

I am also thankful to my friend Dr. A.K. Pandey, Sr. Scientist, Indian Institute of Vegetable Research, Varanasi, who encouraged and whole-heartedly helped me during the course of my study. My heart full thanks are also due to Mr. A. Neil Vincer, Jr. Stenographer, Indian Institute of Vegetable Research, Varanasi, who completed the work of Word processing and setting of the manuscript very patiently and brought the manuscript in the present shape.

( PRAMOD KUMAR SINGH )
