ACKNOWLEDGEMENT

The present work was taken up at the suggestion and under the guidance of Prof. Ravi Prakash, M.Sc., Ph.D., D.Sc., F.A.Z., F.Z.S. (Lond.), Principal, Holkar Science College, Indore. I express my deep sense of gratitude to him for his constant encouragement and interest. But for his constant interest, helpful suggestions and criticisms, it would not have been possible for me to complete the present investigation.

I am deeply indebted to Principal R.S. Mathur, D.A.V. College, Kanpur for his encouragement and facilities granted to me from time to time.

I am also grateful to Prof. K.K. Varma, Head, Department of Zoology, for giving me all the facilities and encouragement to carry out this work in the Department of Zoology, D.A.V. College, Kanpur.

I am much obliged to Sri R. Sahai of National Dairy Research Institute, Karnal, for the trouble he took in going through the manuscript and for his constant help and suggestions from time to time.

I wish to extend my sincere thanks to my colleagues Shri P.K. Varma and Shri A.K. Saxena for helping me in photomicrography and to all other colleagues of the department for their helpful attitude. I am also indebted to Shri V.M.S. Sriwastwa, Lecturer Govt. College, Kanpur, my friend Shri L.K. Roy of D.R.L. (M), Kanpur and to the typist Shri B.R. Singh.
