ACKNOWLEDGEMENT

First and foremost, I wish to place on record my heartfelt gratefulness to my revered supervisor Dr. Narendar Bhojak, Associate Professor, GCRC, P.G. Department of Chemistry, Govt. Dungar College, Bikaner, for his valuable guidance and unrelenting support throughout my research work. His constant interest and affection made this work and manuscript complete in time. You are such a special teacher, that no words can truly tell. I lack in words to fully acknowledge his knowledgeable guidance and cordial support extended by him during the course of this research work. I cherish the period of learning under him. His sincerity and commitment to work and tremendous support has been a steady source of inspiration for me. I was able to persevere, complete the research and deliver this thesis on time because of his able guidance and immense patience.

I owe greatly to Dr. G. S. Chauhan, Deputy Secretary, Central Regional Office (UGC), Bhopal for awarding me Teacher Research Fellowship (TRF) and guiding me throughout the tenure.

I owe my deep sense of gratitude to the worthy Principal and Head, P.G. Department of Chemistry, Govt. Dungar College, Bikaner for providing facilities and encouragement for timely completion of the research work.
