ACKNOWLEDGMENT

I do hereby acknowledge my sincere appreciation and due gratitude to my supervisor Dr. Sudhanshu Sekhar Das for his valuable guidance, advise and constant encouragement throughout the research period. Special thanks also go to Dr. P.K. Sahoo, my co-supervisor, for his continued and unparalleled support, which inevitably made this research study. This study would not have been completed without their exemplary motivation and encouragement.

I wish to record my indebtedness to Dr. Manas Ranjan Das, Head of the Civil Department for providing all facilities and extending help during the research work. I express my sincere thanks to my doctoral advisory committee members, Dr. A.K. Sabat, Dr. H.C. Das and Dr. Sarat Kumar Das for their valuable suggestions during different stages of my research.

I wish to thank to Government of India for having allowed me to conduct the research, without which I might not have been think of doing this research. I also thanks to the different field laboratories for allowing the use of their facilities for conducting the experiments.

At last but not least, I express my heartiest thanks to my wife (Arnada), daughter (Sonali), elder son (Rudra) and younger son (Sai) for their patience, tolerance and understanding my difficulties without which this work cannot be fruitful. I especially thanks to Sai, who is very small and deprived from his due of love and affection to certain extent during the research work.
