Dedicated in the lotus feet of "Parmatman Shri Sat-chit-Aatman Prabhu Shree"

The work presented in this thesis would not have been possible without my close association with many people who were always there when I needed them the most. I take this opportunity to acknowledge and extend my sincere gratitude for helping me to make this Ph.D. thesis.

It is indeed a matter of immense contentment to place my undertaken doctoral work to the esteemed Saurashtra University, Rajkot, Gujarat for the award of the degree of Doctor of Philosophy in the subject of Mathematics under the cerebral guidance of Dr. S. K. Vaidya (Professor and Head, Department of Mathematics, Saurashtra University, Rajkot-360005).

I am indebted to my esteemed mentor Prof. S. K. Vaidya for his relentless encouragement and intellectual guidance throughout my career. He has also been martinet whenever I have slightly dropped off my spirit of learning. But today, I really enjoy the fruits of the seeds planted by him.

I am highly obliged to P. P. Tyagvallabh Swamiji (Honourable Secretary, Sarvodaya Kelavani Samaj, Rajkot) for his consent and benedictions to pursue my research study. I am also indebted to Dr G. D. Acharya (Principal, Atmiya Institute of Technology and Science, Rajkot) for his fatherly approach.
It gives me immense pleasure to articulate the lexis of gratitude in the admiration of my research colleagues Dr. N. A. Dani, Dr. N. B. Vyas, Dr. N. H. Shah, Dr. C. M. Barasara, Dr. N. J. Kothari, Dr. M. S. Shukla, Dr. R. M. Pandit, Dr. Rakhimol Isaac, S. H. Karkar, Mr P. D. Ajani, Mr. K. M. Popat, Mr. A. D. Parmar and Mr. M. R. Jadeja. It was an enormous gratification working with them and I value their ideas, help and witty comments when I have slightly got exhausted. I am really obliged to all of them.

My respectable gratitude to the staff of Humanities and Science Department, Atmiya Institute of Technology and Science, Rajkot for their help to fulfill necessary requirements to carry out the thesis. My special thanks to Dr. J. C. Bosamia, Mr. H. H. Joshi and Ms. K. R. Khetani in this regard.

I express my thanks to all my teachers who have taught me since my childhood: my teachers of Nirmala Convent school (Ms. Naina, Ms. Elchy, Sr. Kiran, Ms. Jessy, Ms. Rao, Ms. Augustine, Mr. Sodha, Ms. Sejpal, Mr. Tolia, Ms. Chanda Pal, Ms. Bakshi, Sr. Tessi, Mr. Davera, Mr. Qureshi and Ms. Rekha), my higher secondary teacher (Mr. Warrior, Mr. Kapoor, Ms. Pandit, Ms. Fernandes and Mr. Goswami) undergraduate teachers (Dr. Sabu, Mr. Hirani, Mr. Vaghasiya), post graduate teachers (Dr. Patel, Lt. Dr. Vakaskar, Dr. Katawala, Dr. George and Dr. Shah).

I would like to thank all the teaching staff and non teaching staff, students of Atmiya Institute of Technology and Science, Rajkot for their cooperation during the course of my work.

Words have no power to express my thanks and regards to my beloved friend and once colleague Ms. Sejal H. Karkar for her support in all direction to achieve my goal.
I extend deep sense of gratitude towards Dr. Murty (Former Professor at Department of Bioscience, Saurashtra University, Rajkot) and Ms. Murty for their concern in my academic growth. I express my thanks to Mr. H. Sarda (Former Professor at Dharmendrasinhji Arts College, Rajkot) for his constant motivation and encourage throughout my research journey.

These moments bequeath me with the feelings of conveying my gratitude towards my affectionate parents Shri Manek F. Selarka and Smt Jayshree M. Selarka for their moral support and parents in law Shri Jayesh B. Mehta and Smt. Shila J. Mehta. Without their support this dream might not have been realized. I dedicate my work in their lotus feet and seek their blessings for my all future endeavours.

The saying "Behind every successful man, there is a woman" but in my case it goes retrogradely. It is "Behind every successful woman, there is always a great man". I take the opportunity to express my heartfelt thanks to my husband Naimish J Mehta. He has always stood by me in my all academics exertions with effervescent fortitude.

Last but not the least; I thank my near ones and dear ones who have contributed in my academic itinerary directly or indirectly. Their explicit as well as implicit inputs are of great value to me.

This is not the end to my academic route, I have just placed comma. It is rightly said "Knowledge and Wisdom is eternal and to achieve these, one has to be the humble beginner all his/her life".

Raksha N. Mehta
