ACKNOWLEDGEMENTS

I wish to express my deep gratitude to my supervisor, Dr. Dharmveer Singh Rajpoot. His precise and lucid thoughts have helped me to manage many responsibilities comfortably. He not only encouraged me to work but also gave his guidance, experience, constructive thoughts and took keen interest in my PhD work including preparation of the manuscript. Working with him made me more independent and liable, which I believe is the most important aspect of anyone’s career. I am indebted to him more than he recognizes.

No appropriate words could be traced in the presently available lexicon to avouch the excellent guidance given by Dr. Mukesh Saraswat (DPMAC member). His insight into the subject, experience, tireless efforts and fullest co-operation has made me complete the work within the scheduled limit of time. His thoughts taught me that the real winner is not one who achieves but the one who has firm values, as it helps one to remain constant in life. Moreover, I would like to thank my other DPMAC member Dr. Saurabh Chatuvedi for his help and support.

I am extremely thankful to Prof. S. C. Saxena, (Vice Chancellor), Prof. Hariom Gupta, (Director), Prof. D. K. Rai, (Dean Academic), Prof. R. C. Mittal, (Dean Research), Prof. S. P. I am also thankful to Dr. Vishal Shukla who has given his constant guidance, support, and encouragement throughout this study. His expertise in text mining, experience, vigorous efforts, and co-operation has enabled me to complete this work successfully. Without his unfailing support and belief in me, this thesis would not have been possible.

I am sincerely thankful to my friends, Mr. Ankur Kulhari, Mr. Himanshu Mittal, Mr. Raju Pal, Mr. Ashish Tripathi, Mr. Vinay Tikkiwal, and Mr. Abhishek Singh for their scholastic guidance, suggestions, and encouragement throughout the study.
