ACKNOWLEDGEMENTS

I express my profound and heartiest gratitude to my guide Amalesh Dutta, Professor, Department of Zoology, Gauhati University for his valuable guidance, encouragement, critical comments and learned counseling in executing and completing this study successfully.

I deeply acknowledge Professor K. Dutta, Head, Department of Zoology, Gauhati University for her valuable suggestions, constant encouragement and the facilities provided to me throughout the study period. I also extend my thanks to other faculty members and supporting staff of Department of Zoology, Gauhati University for their invaluable help and encouragement.

I humbly acknowledge Sarala Talukdar Barman, Associate Professor and HOD, Department of Zoology, Bajali College, Dr. Sushil K. Sharma, Associate Professor and HOD, Department of Zoology, Guwahati College, Dr. Apurba Goswami, Associate Professor, Department of Zoology, Rangia College, Anjana Dutta Barbaruah, Associate Professor, Department of Zoology, Jagiroad College and Dr. Bulbul Acharyajee whose consistent encouragement inspires me to pursue this study.

I owe my sincere thanks to my friend Gautam Kumar Sarma, Bhaskar Jyoti Goswami and Nishanta Das for their constant help and encouragement as and when needed.

My special thanks goes to most of my students specially Deepjyoti Baidya who helped me in various stages of my study. I sincerely thank the local fishermen of Bagsa and Nalbari District who helped in collection of fish samples during study period.

I am highly indebted to my family members for their moral support during the entire study period without which this study would not have become a reality.
