ACKNOWLEDGMENTS

This Thesis becomes a reality with the kind support and help of many individuals. I would like to render my sincere thanks to all of them.

First and foremost, I would like to express my gratitude to my supervisor, mentor Prof. Kaushalendra Kumar Singh whose constructive criticism and sharp vision is the key factor to the success of this dissertation. His insightful and imaginative ideas in both statistical theories and applications inspire me. I am grateful to him for the guidance and advice, as well as the time and effort to answer my questions and to diligently comment on my drafts. The work presented in this thesis would not be possible without his continuous support and encouragement.

I wish to render my profound sense of gratitude to my revered teachers of the Department named Prof. R.C. Yadava, Prof. Umesh Singh, Prof. V. K. Singh, Prof. K.N.S. Yadava, Prof. B. P. Singh, Prof. S.K. Upadhyay, Prof. B. B. Khare, Prof. R. D. Singh, Prof. Sanjay K. Singh, and Dr. Brijesh Pratap Singh for their supporting nature and fruitful suggestions during the different phases of my research.

Right after my teachers, I express my deep gratitude towards Alok Pathak and Ashish Gupta who inspired and supported me to initiate a journey towards higher studies.

I am glad to render my thanks to all family members Shiv Shankar Verma, Gaurav Verma, Vyom Verma, Vaibhav Verma, Ruchi Verma, Yashika Nogia, Bhairavi, and Yashvardhan.

It is my privilege to thank my life-coach, best friend, forever interested, encouraging, beautiful, loving and always enthusiastic wife ‘Mukti Khetan’: she was always keen to know what I was doing and how I was proceeding, although she had a different field of interest. I will
always memorialize your screams of joy whenever a significant momentous was reached and also just your general humbleness.

University Grant Commission deserves special mention for providing financial support in the form of research fellowship.

I also feel pleasure in recording my thanks to my seniors Dr. Niraj Kumar Singh, Dr. Pradeep Kumar Vishwakarma, Dr. Dharma Raj, Dr. Gunjan Singh, Dr. Shilpi Tanti, Dr. Shruti Verma, and Dr. Kushagra Gupta. I wish to express my warm and sincere thanks to my lab mates Anjali, Ujjaval, Neeraj, Pragya, Pooja, and Vineet for their continuous support and their generous behavior towards me during the research work in the department.

I owe a special thanks to my friends who helped me in one way or another on completing this research, Puneet, Abhimanyu, Shweta, Anjali, Ashutosh, Deepak, Anil, Pawan, Sachin, Priti, Anupama, Tripti, Ashish, Aditya, Prashant, Vibha, Vrushali, Sayali, Aarti, Kiran, Divyabha, Aditi, Nikhil, without their love and extreme moral support it would not have been possible.

A special thanks to that almighty whose continuous presence with me gives the courage to every lows of my life. Last but not the least, this work owes several other persons whose names I have failed to incorporate here. But I solemnly remember all of their efforts, encouragement and enthusiasm that were bestowed on to me at different times. I offer my sincere thanks to all of them.

February 2019

Prashant Verma
