INTRODUCTION 1-10
- Overview
- Research Objectives.
- The Research Area and the Selected Case Study Sites.
- Data Sets and Methodology.
- Land Use/Land Cover and Land Transformation Mapping.
- Structure of the Thesis.

CHAPTER–I
STUDY AREA 11-46
1. Introduction
1.1 Location of Srinagar City
   1.1.1 Physical profile of Srinagar city
       (a) Physiography
       (b) Geology
       (c) Climate
       (d) Drainage
       (e) Soils
       (f) Flora
       (g) Fauna
1.2. History and Development of Srinagar city
   1.2.1 Historical background
   1.2.2 Origin and growth of the city
   1.2.3 Administrative development
   1.2.4 Infrastructural development
   1.2.5 Basic amenities and facilities
   1.2.6 Transportation
1.3. Demographic profile of Srinagar city
   1.3.1 Population and growth
   1.3.2 Population density
   1.3.3 Sex ratio
   1.3.4 Literacy rate
1.4 Cultural profile of Srinagar city
   1.4.1 Historic and religious monuments
   (a) Hazratbal Shrine.
   (b) Khanqah-i-Mualla (Shah Hamadan Mosque).
   (c) Hari Parbat/Koh-i-Maran fort.
   (d) Shah Hamzah or Makhdoom Sahib Shrine.
   (e) Shankaracharya Temple.
   (f) Dastgeer Sahib Shrine.
   (g) Chatti Padshahi Gurudwara.
   (h) Jama Masjid.
   (i) Aali Masjid.
   (j) Khanqah-i-Bulbul Shah.
   (k) No Masjid or Pathar Masjid.
   (l) Shergarhi.

1.5 Natural profile of Srinagar city
   1.5.1 Water bodies and parks
   (a) Dal Lake.
   (b) Nigeen Lake.
   (c) Khushalsar and Bab-i-demb water bodies.
   (d) Dachigam National Park.

1.5.2 Gardens
   (a) Nishat Garden.
   (b) Shalimar Garden.
   (c) Chashma Shahi and Pari Mahal.

1.6 Economic profile of Srinagar city
   1.6.1 Participation ratio
   1.6.2 Occupational Pattern
   1.6.3 Industry
   (a) Handloom and handicraft industry
      (i) Silk industry.
      (iii) Metal works.
   (b) Forest-based industries
      (i) Papier Machie.
      (ii) Sports goods industries.
   (c) Agro-based industries
      (i) Horticulture.
      (ii) Floriculture.
   (d) Tourism industry
CHAPTER–II
LITERATURE REVIEW

2.1 Urbanization.
2.2 Land use/land cover: concepts and development.
2.3 Land use/land cover change studies.
2.4 Land use/land cover change studies using remote sensing and GIS techniques.
2.5 Impact of land use/land cover change on environment.
   2.5.1 Impact of land use/land cover change on water bodies.
   2.5.2 Impact of land use/land cover change on biodiversity.

CHAPTER–III
LAND USE/LAND COVER

3.1 Land
   3.1.1 Basic functions of land.
   3.1.2 Stress on land.
3.2 Urbanization in India.
3.3 Indian census definition of urban area.
3.4 Land Use and Land Cover.
3.5 Land Use/Land Cover change (LULCC) and definitions.
   3.5.1 Residential.
   3.5.2 Commercial.
   3.5.3 Industrial.
   3.5.4 Restricted Area.
   3.5.5 Parks/Gardens & Playgrounds.
   3.5.6 Vacant Land.
   3.5.7 Agricultural Land
   3.5.8 Plantation/Orchards.
   3.5.9 Forest.
   3.5.10 Barren.
   3.5.11 Marshy Area.
   3.5.12 Water body.
3.6 Data used.
3.7 Data Analysis.
   3.7.1 Built-up classes
      (a) Residential
      (b) Scattered Settlements
      (c) Commercial
      (d) Industrial
      (e) Restricted area
3.7.2 Non built-up classes
(a) Parks/gardens and Playgrounds
(b) Vacant Land
(c) Agricultural Land
(d) Plantation/Orchards
(e) Forest
(f) Barren
(g) Marshy Area.
(h) Water body
(i) Others (Educational, Governmental, Hospital, Religious)

3.7.3 Overview of land use/land cover of Srinagar city

CHAPTER – IV
LAND TRANSFORMATION
4.1 Concept, definition and approaches of land transformation.
4.2 Land transformation in Srinagar city.
   4.2.1 Residential
   4.2.2 Scattered Settlement
   4.2.3 Commercial
   4.2.4 Industrial
   4.2.5 Restricted Area
   4.2.6 Parks/gardens and Playgrounds
   4.2.7 Vacant Land
   4.2.8 Agricultural land
   4.2.9 Plantation/orchards
   4.2.10 Forest
   4.2.11 Barren
   4.2.12 Marshy Area
   4.2.13 Water body
   4.2.14 Others (Educational, governmental, hospital & religious)
4.3 Features of land transformation in Srinagar city.

CHAPTER – V
ACTORS OF LAND TRANSFORMATION
5.1 Introduction.
5.2 Direct versus indirect causes of land transformation.
5.3 Role of actors and political ecology in land use issues.
5.4 Socio-political perspectives of land use.
5.5 Actors of land transformation operating in Srinagar city.
   5.5.1 Institutional actors.
(a) Government agencies and their activities in Srinagar city.
(b) Government policies and their impact on land transformation in Srinagar city
(c) Article 370 and its impact on the Land Transformation in Srinagar city.

5.5.2 Private actors.
(a) Residents.
(b) Farmers.
(c) Boatman (Hanjis).
(d) Entrepreneurs.
(e) Property dealers.
(f) Developers.

5.6 Evaluation of Actors of land transformation in Srinagar city.

5.6.1 Conflicts.
5.6.2 Alliances.
5.6.3 Strong actors.
5.6.4 Weak actors.
5.6.5 Beneficiaries.
5.6.6 Victims.

CHAPTER-VI 151-186
CASE STUDIES

6.1. Overview
6.2. Case study sites.
   6.2.1 Lal Chowk ward
   6.2.2 Aalochi Bagh ward
   6.2.3 Bemina ward
   6.2.4 Soura ward
   6.2.5 Chanpora ward
   6.2.6 Hanji Localities

CONCLUSION 187-197

BIBLIOGRAPHY 198-210
