SUBJECT: - Request for opinion and suggestion of experts regarding content validity of research tool.

Resp.Madam /Sir,

I am Mrs.Kalpana Kamble, studying Ph.D.Nursing at Krishna Institute of Medical Sciences, Deemed University, Karad. As a part of my study I am going to conduct a study on.

**TOPIC: —Role of Colostrum Powder Dressing on Wound healing”**.

**Objectives of Study:**

1) To assess the wound healing before and after the colostrum application in study group.

2) To assess wound healing process in control group.

3) To compare wound healing process of decubitus ulcer between study and control group.

4) To identify association between wound healing process and selected demographic variables.

In order to achieve above objectives I have prepared observation checklist. I am herewith submitting copy of tool along with synopsis for content validity.Hence, I request you to kindly examine the tool items section wise and give your valuable opinion and suggestion for improvement of this tool.

Thanking you in anticipation.

Yours sincerely

(Mrs. Kalpana Kamble)
