Chapter 1: Introduction.....	1-5
Chapter 2: Review Of Literature.....	6-35
2.1 Glyoxalase System.....	6
2.2 Glyoxalase I	6
2.3 Glyoxalase II	11
2.4 Substrate and Products of Glyoxalase System	13
2.5 Regulation of Glyoxalase System	18
2.6 Ageing and Glyoxalase System.....	25
2.7 Tumor and Glyoxalase System	27
2.8 Glyoxalase System and Antioxidants	30
2.9 Glyoxalase System and Diabetes Mellitus	31
2.10 Glyoxalase System and Malaria	32
2.11 Radiation Response of the Glyoxalase System.....	33
Chapter 3: Materials and Methods	36-51
3.1 Materials.....	36
3.2 Methods.....	38
3.2.1 Preparation of Plasmid DNA.....	38
3.2.2 Preparation of <i>E. coli</i> Competent Cells and Transformation.....	39
3.2.3 Purification of DNA from Agarose Gel by Phenol- Freeze-Fracture Method.....	40
3.2.4 Isolation of RNA.....	40
3.2.5 Formaldehyde gel electrophoresis.....	41
3.2.6 Preparation of Radiolabelled DNA Probe.....	42
3.2.6.1 Random-Primer Method of Labeling.....	42
3.2.6.2 Measurement of Specific Activity of the Probe.....	42
3.2.6.3 Purification of the Labelled Probe.....	43
3.2.7 Northern Blotting and Hybridization.....	43
3.2.8 Staining RNA after transfer to Nitrocellulose filters....	45
3.2.9 Determination of dose rate of γ - rays.....	45
3.2.10 Irradiation of Swiss albino mice with γ -rays and Scarifice.....	47
3.2.11 Preparation of tissue homogenates, cytosolic and microsomal fractions.....	47
3.2.12 Determination of specific activity of glyoxalase I.....	48
3.2.13 Determination of specific activity of glyoxalase II....	48
3.2.14 Determination of specific activity of glutathione-S-transferase.....	49
3.2.15 Determination of specific activity of superoxide dismutase.....	49

3.2.16 Determination of specific activity of catalase.....	49
3.2.17 Estimation of lipid peroxidation.....	50
3.2.18 Protein determination.....	50
3.2.19 Statistical analysis.....	51
Chapter 4: Results.....	52-57
4.1 Effect of Radiation on mRNA expression of glyoxalase I..	52
4.1.1 Effect of different doses of Radiation on mRNA expression of glyoxalase I.....	52
4.1.2 Effect of different dose-rate on expression of glyoxalase I..	52
4.1.3 Split dose effect on the mRNA expression of glyoxalase I..	52
4.1.4 Adaptive response and mRNA expression of glyoxalase I..	53
4.2 Radiation induced peroxidative damage.....	54
4.3 Effect of Radiation on Specific activities of glyoxalase I and glyoxalase II.....	55
4.4 Effect of Radiation on Antioxidant enzymes.....	57
Chapter 5: Discussion.....	58-63
Chapter 6: Summary and Conclusion.....	64-67
Chapter 7: References.....	65-93
