I feel great privilege in expressing my deep sense of gratitude to my esteemed supervisor, Dr. Anuradha Dube, Deputy Director and Scientist F, Division of Parasitology, Central Drug Research Institute, Lucknow for her intellectual and dynamic guidance, exceptional ideas, invaluable insights, tireless optimism, incomparable support, enthusiasm and encouragement throughout my doctoral studies. I would additionally like to thank her for helping me to develop scientific attitude, making research an interesting and enjoyable task, observing patience when results were not upto mark and providing a friendly and open environment during my tenure as a PhD candidate.

I express my thankfulness to Dr. C.M. Gupta, Former Director, CDRI, for providing me the opportunity to avail the research facilities of the institute. I am sincerely thankful to Dr. S.K. Puri, Head, Division of Parasitology for his wholehearted support in utilizing the research facilities of the division and frequent useful advices.

Words are inadequate to express my sincere gratitude to Dr. Nikhil Kumar, Scientist F, National Botanical Research Institute, Lucknow, Dr. Sita Naik, Dr. Neeloo Singh and Dr. Amogh Sahashrabuddhe for providing me every possible help in terms of lab facilities as well as valuable scientific suggestions all through the tenure of my work.

I am also extremely grateful to Dr. Shailja Bhattacharya, Dr. Kumkum Srivastava, Dr. Renu Tripathi, Dr. P.K. Murthy, Dr. J.K. Saxena, Dr. Sudhir Sinha, Dr. Amit Mishra, Dr. S.K. Rath, Dr. Madhu Dixit, Dr. Rakesh Maurya, Dr. Vijay Lakshmi, Dr. Charu Sharma, and Dr. Anil Gaekwad for their whole hearted cooperation in providing lab facilities, all time inspirations and valuable suggestions during the course of the study. My grateful thanks are also due to Sh. A.L. Vishwakarma for extending excellent assistance and absolute cooperation during FACS analysis and to Sh. Ajay Verma for his help during microplate and HTS studies.

I am thankful from the bottom of my heart to all my seniors, labmates, friends, cricket team members and juniors whose company has made this long and arduous journey interesting and enjoyable.

At this moment my heart goes towards my beloved mother and father who waited all these almost endless years of study to see me reaching at this stage. Their patience, prayers and blessings always motivated and inspired me to do the things in a perfect manner. I dedicate my doctoral thesis to my loving parents.

The financial support in the form of Junior and Senior Research Fellowships from Council of Scientific and Industrial Research, New Delhi is gratefully acknowledged.
