3.2 Research Objective ................................................................. 56
3.3 Statement of Problem ............................................................. 57
3.4 Hypothesis ............................................................................. 57
3.5 Review of Literature ............................................................... 58
3.6 Data Collection ....................................................................... 68
3.7 Scope of the Study .................................................................. 68
3.8 Universe of Study ................................................................... 68
3.9 Data Analysis .......................................................................... 69
3.10 Period of Study ..................................................................... 70
3.11 Limitations of the Study ......................................................... 70
3.12 Significance of Study .............................................................. 71

CHAPTER 4
Data Analysis & Interpretation

● Introduction .................................................................................. 73
4.1 Respondent Classification ......................................................... 74
4.2 Details of Life Insurance Policy purchased ................................ 78
4.3 Awareness about Importance of Life Insurance ....................... 95
