ACKNOWLEDGEMENTS

I owe a deep depth of gratitude to my influential mentor, ingenious and awesome research supervisor, Dr. N.B. Patel, Professor, Department of Chemistry, Veer Narmad South Gujarat University, Surat, Gujarat, India, who kindly agreed to guide me for the research work and under whose adroit supervision this challenging work culminated in success and he always infused ingenuity in my dullard brain. I am greatly indebted to him.

I would like to thank Dr. P. Bahadur, Professor and Head, Department of Chemistry, Veer Narmad South Gujarat University, Surat and former Head Dr. K.R. Desai for providing me an opportunity to carry out the research work. I am also thankful to Dr. S.P. Mathur, Former Head, Department of the Chemistry, MDS University, Ajmer for his kind guidance. I am grateful to teaching and non-teaching staff of the department for rendering every kind of help. I am really very thankful to V.N.S.G.U. library as well as UGC Intone for providing me research article during my research. I would like to thank Dhanji Rajani, Microcare Laboraroy, Surat and Department of Biotechnolpgy, Veer Narmad South Gujarat University, Surat for antimicrobial screening. I am thankful to CDRI, Lucknow for elemental analysis and also wish to thank SAIF, Chandigrah for nmr and mass spectral analysis. I am profoundly grateful to Dr. N. B. Patel who is my Research Supervisor, for his constant guidance and encouragement throughout the research work; the moments, which I lived with him, were unforgettable and achievements for me. I am also thankful to Madam, Dhaval and Keval for their familiar behavior with me.

I have been benefited immensely from constructive suggestions given by Dr. Ajit Bobe, Dr. Yashbir Singh, Dr. Mangesh Chatre, Dr. Shridhar Gawre, Dr. Ramesh Kalwadia, Mr. Subarmanaya Sarma, Mr. Sushil Singh, Mr. Prasanna and colleagues from unichem Laboratory,
Mumbai. I am also thankful to Dr. Rajesh Thekri, Mr. Tushar Shah and colleagues from Zydus Cadila, Vadodara for encouraging me during my whole research work. Thanks to Mr. Manoj Kumar Singh from Ranbaxy Laboratories, Gurgaon for his kind guidance.

I also thank my colleagues Dr. Ashok K. Patel, Dr. Ashish Gandhi, Dr. Ashok L. Patel, Dr. G.G. Barot, Dr. Virendra Patel, Dr. Jaymin Patel, Dr. Hemant Patel, Dr. Satish More, Imran Khan, Sarvil Patel, Jignesh Patel, Faiyaz Shaikh, Yogesh Valvi, Kunal Pathak, Shabir Pathan, Asif Shaikh, Amit Purohit, Minesh Patel and others, who helped me during my Ph.D. work. I am also thankful to my hostel family Rahul Thumbar, Nirmal Choudhari, Jignesh Patel, Kalpesh Patel, Jitu Modi, Eklakh Ansari, Sanju Choudhari, Manoj Sharma and Deepak.

This thesis would not have seen the light of the day without blessings of my grandparents **Shri. Umadutt Sharma** and **Smt. Shahodra Devi**. I will never forget my loving father **Shri. Dayashankar Sharma** and mother **Smt. Bimla Devi**, without whom my existence on this earth was not possible; thankful to them for encouraging, giving me moral and everykind of support. I would never forget the help rendered by my jiju, Dharmenra Sharma and my sister Anju Sharma, my brother Umesh and my nephews Harshu and Ishu.

Last but not least, I must acknowledge the great sacrifice and encouragement of my spouse **Sujata Sharma** and her family during my research work.
