ACKNOWLEDGEMENTS

I deem it a matter of great privilege to express my profound gratitude to Dr. S.K. Sharma, Reader, Department of Geography, Dr. Harisingh Gour Vishwavidyalaya, Sagar, under whose able and scholarly guidance this work was planned and carried out. I have no words for thanking him for his valuable supervision and constant encouragement throughout the course of this work.

I also express my heartfelt gratitude to Professor R.S. Dube, Head of the Department of Geography, Dr. Harisingh Gour Vishwavidyalaya, Sagar, for providing all facilities available in the Department for this research work.

I gratefully express my thanks to my teachers in the Department, Dr. D.S. Shrivastava, Dr. S.K. Shukla, Dr. J.L. Jain, Dr. Kailash Chaubey, Dr. R.P. Mishra for their encouragements and suggestions. Dr. C.K. Jain was readily available for help and discussion. I express my thanks to him. I am thankful to Dr. M. Soni for his help in drawing of the maps.

I extend my sincere thanks to Professor T.K. Sudarshan, Principal of Government P.G. College, Chhindwara (M.P.), for his kind encouragements for the completion of this work. I also express my deep sense
of gratitudes to Professor, F.A. Jeelani ex-principal of the college whose constant help I remember respectfully. My thanks are also due to Professor M.B. Pawade, Professor of Mathematics at the same college who as Principal-In-charge of the college was very kind to relieve me to avail the Study Leave. All my colleagues and friends in the college have been encouraging throughout this period and I must thank them all. I owe a debt of gratitude to Dr. H.G. Rai, Professor of Geography, Government P.G. College, Narsimhpur who has initially inspired me for the present research work.

I am grateful to the Department of Higher Education, Government of Madhya Pradesh for granting me Study Leave of one year for completion to this research work.

This research was not possible without the cooperative attitudes of the Sample Farmers and Officials of Chhindwara and Betul districts. Farmers curiously replied long questionnaires which are major data base of the research. Similarly officials readily made available official information. I am obliged to all of them.

I would fail my duty if I do not acknowledge the untiring assistance and inspiration of my parents
and elder brother. I remain indebted to them.
Lastly, I am grateful to my wife Smt Shubha for her patience and constant encouragements from beginning to the end of this work.
