God speaks through his creation; and the human speaks through their experience keeping this belief that old one has to leave and new one to struggle. Immortal, let me bow before and thank almighty God who gave me irresistible strength, to struggle first, adapt later to accomplish this scientific work. Nevertheless my parents - the ever greatest gift of God; who carved the way and inculcated in me the lead values by one way or other. The credit goes to them, what I am and where I stand today.

It is privilege and great honour for me to acknowledge my supervisor Dr. Shakid Umar for his effable guidance, understanding and fatherly care. I feel no words adequate to express my gratitude to him. Besides being a mentor; he always encouraged me by his healthy suggestions to improve the quality of my work.

I take the opportunity to express my gratitude to my co-supervisor Dr. Alaaf Ahmad, Dept. of Botany who has been very supportive during the whole period of work.

I am extremely thankful to Prof. Javed Ahmad, Head, Department of Botany and Prof. M. Iqbal for their precious guidance and kind attention and the facilities which they provided during this research work.

A much deserving thanks go to all the teachers of the department of Botany Prof. M.P. Sharma, Dr. T.O Siddiqui, Dr. Mahmooduzzafar and Dr. A. Mujib for their cooperation. I also thank Dr. S. K. Bansal, Director, Potash Research Institute of India (PRII), Gurgaon for his valuable suggestion, cooperation and help.

I am highly indebted to my seniors Drs. Ishrat Khan, Arshi Anjum, Asiya Hameed, Fozia Bashir, Iram Diva, Mukhtar Ahmad, Tabassum Nazir, Zohra Fatima and Junaid Aslam for their academic and non-academic help.

I will never forget to be obliged to my mates: Drs. Anjana, Naser Aziz Anjum, Nidhi Gauba, Saad Hameed Humdo, Vinay Kumar Singh and my juniors: Akbar, Jevwal, Leena, Samar, Talat, Shadab and Yanal for their valuable comments and support.

"A friend in need is a friend indeed" whom I always remember, therefore I am obliged enough to Afag- the generous personality, Prashant, Sameer, Sameet, Purnima and Sonia for their moral and sincere help. They proved to be the real models of friendship for me.

I also extend my thanks to Dr. I. P. Singh, and Dr. S. K. Mishra, Head, NBPGR, Dr. Dayachand, Division of Genetics, UARI, the staff of NISCAIR and the whole non teaching staff of Dept. of Botany, Jamia Hamdard for the meticulous work they did for me.

My family has been a constant source of inspiration through their inexhaustible love, blessings, encouragement, support and sacrifice. I do not find words to acknowledge my gratitude to my brothers, sisters Dhabhi, Jijabi, Anukiti, Abhishek, Prakhar, and Aastha.

Last but not the least, the award of Junior and Senior Research Fellowships by UGC is gratefully acknowledged.
