ACKNOWLEDGEMENT

This research project was spread over a period of about two years from June 2004 to June 2006. During this period necessary help was rendered to me by several persons in different ways. It is my solemn duty to express my sincere thanks to all of them.

First of all, I would like to thank Dr (capt) C. M. Chitale and the Department of Management Science of Pune University and the Department of Commerce of M.S.G. Collage, Malegaon Camp. I thank Dean, Head and Staff of these Centers for providing facilities during the study. I am particularly grateful to Dr. B. S. Jagdale, Dr. A. C. Bhavsar, Dr. Vilas Joshi, Prof H. K, Rakjbe and Shri F. R, Barkati for their invaluable assistance during the project study.

I acknowledge Department of Education in Ministry of Human Research and Development, Govt. of India for approval of the research project.

I was very lucky to be associated with Dr. V. S. More. I would like to extend some heartfelt gratitude to him. It was he who rendered whatever help was sought from him and also the ceaseless guidance and support from the start to end. He has spent his valuable time in making it possible for me to complete this work. I am extremely obliged to him.

During the study, some companies provided me the data directly. In that connection, Pune Stock Exchange, the “Research, Statistics, and Publication Department”, “Listing Department” and “Librarian” of Bombay Stock Exchange, made efforts for making the data available to me. It was possible to complete this study only due to their cooperation and assistance. I owe my sincere thanks to all of them.

I am also extremely thankful to the Director of Symbiosis Center for Management & HRD (SCMHRD) for his permission of using computer lab and
also the librarian staff of the Symbiosis Institute of Business Management (SIBM), for their excellent cooperation and other library service, they have rendered to me.

I have benefited a great deal from the useful discussions in statistical methods with Dr. Nikhil A. Gupte, Department of Statistics, University of Pune. I am thankful to him for his professional support.

I am indebted to all my teachers from first till now, who taught valuable things to me and I owe my knowledge to them. I also learned some ethical points from them which were very useful in my life.

I am extremely obliged to my wife, Mrs. Sarlak, for her sacrifice and encouragement. Her companionship during the hardship time of the study made it possible to complete my task.

I need to specially thank my little sons, Hossein and Mahdi for their patience. They would forgive me because I have paid less attention to them and used the time for concentration on my studies. I also cannot forget the kindness and encouragement of my parents who have always encouraged every successful step in my life.

Ali Mohammad Ghanbari
