APPENDIX

The Cytotoxicity measurements using synthetic curcuminoids were done by National Cancer Institute, Bethesda, Maryland.
Fig. A.1. Cytotoxicity curves of furfural curcuminoid using various cell lines.
Fig. A.2. Cytotoxicity curves of salicyl curcuminoid using various cell lines.
Fig. A.3. Cytotoxicity curves of dimethylamino curcuminoid using various cell lines.
Fig. A.4. Cytotoxicity curves of veratryl curcuminoid using various cell lines.
Cytotoxicity curves of diperonal curcuminoid using various cell lines.
