I deem it a matter of great pleasure in expressing my deep sense of gratitude and profound indebtedness to Prof. S. B. Saksena, F.N.A., Professor and Head of the Department of Botany, and Dean, Faculty of Life Sciences, University of Saugar, Saugar, under whose invaluable guidance and kind supervision this work was planned and completed.

My thanks are also due to Dr. G. P. Mishra, Reader in Botany and to Shri R. N. Dakwale, Assistant Professor of Botany, for their suggestions and constant encouragement. My sincere thanks are also due to my colleagues for their co-operation and help in various ways.

I am also grateful to the U.G.C., for the award of Junior Research Fellowship, during the tenure of which part of the present work was carried out.
