ACKNOWLEDGEMENT

Many a noble heart has supported in my endeavor to complete this dissertation and I appreciate all of them.

Had it not been the patient hearing and judicious decision of Dr. Sanjeev Sonawane I wouldn’t have gotten Dr. Seema Katre, one of the senior guide of the Education Department of Pune University. My sincere thanks go to Dr. Sanjeev Sonawane for his suggestions and guidance, in the initial stages of the study.

My deep appreciation to my research guide, Dr. Seema Katre, for guiding untiringly, systematically during the period of study. Her timely advice, suggestions, valuable instructions, and encouragement helped a great deal for the study.

My heartfelt thanks go to Dr. Megha Upalane, Reader, Education Department, Pune University for the long hours she spent guiding me on the statistics of this research, thus making the study a magnificent one. I am grateful to Dr. Sanjeev Sonawane, Dr. Bhushan Patil and Dr. (Mrs) Bhushan Patil for sparing their time to attend to the Pre Viva meeting and for their valuable suggestions.

This thesis became a success due to the wholehearted support of Dr. Justus Devadas, President of Spicer Memorial College, who allowed me to take up this project and supported me from the management of my Institution. I am greatly indebted to Mr. Milon Rana, the Principal & Mr. Joseph Rathanswamy, Head master of the Seventh Day Adventist Higher Secondary School, who gave permission to conduct the study. My appreciation goes to Mr Gopi. M and Mr. Robinson Kujur both subject teachers who gave their wholehearted support, in the conduction of tests and observations. My sincere thanks to the students of standard VII, 2007-08 of SDA.
School, who enthusiastically cooperated in the study. I wish to thank the principals of various ICSE Schools in the Pune City who opened their doors for the Preliminary test constructions phase.

I express my sincere thanks to Mrs. Maduri Naik, & Mrs. Smita Kurve, staff of the Education Department, Pune University for their help and cooperation in the procedures of admission and registration of the study.

The thesis could not have been accomplished had it not been for the unselfish help of Mr. Rangith Kingston, Mrs. Nanibala Immanuel, Mr. Anil Devadas, Miss. Divya Selvaraj. My deepest appreciations for Miss Saby Varghese, Mrs. Jeba Anthony and Eben for their patient help in compiling the data and uploading it into the computer.

I extend my deep sense of gratitude to my mother for her constant encouragement for my study. This thesis could not have accomplished without the silent but strong support and encouragement from my dear husband Mr. Chacko Paul and my children Ronny and Reenu. My deepest appreciation goes to them, for their understanding and uncomplaining attitude when I sat long hours completing the thesis. I would also thank my brothers, Dr. Boban Thomas and Mr. Shaji Thomas for their words of encouragement.

I extend my respects and gratitude to Dr. Jazlin Ebenezer, Dr. John Stanley, Dr. Samuel Gaikwad & Dr. Prema Gaikwad, for inspiring me to take up this challenge and complete it successfully.

Lastly I thank Lord Almighty who gave me patience, tenacity and health to complete this study and widen my knowledge in methods of instruction in Science Education.
The benefits of this study are dedicated for the entire school children of our country. I pray the study be useful for the improvement of meaningful learning of our children.
