CONTENTS

Preface

CHAPTER – 1

1.1 Introduction
1.2 Study Area
   1.2.1 Location
   1.2.2 Physiography
   1.2.3 Climate
   1.2.4 Flora and Fauna
1.3 Review of the Previous Work
1.4 Scope of the work
1.5 Methodology

CHAPTER – 2 Geology and Tectonic Setting

2.1 Introduction
2.2 Geology and Tectonic Setting of Manipur
   2.2.1 Metamorphic Complex
   2.2.2 Ophiolite Mélange Suite
   2.2.3 The Disang Group
   2.2.4 The Barail Group
   2.2.5 The Surma Group
   2.2.6 The Tipam Group
   2.2.7 Alluvium
2.3 Geology of the Study Area

Pages
i-vi
1-11
12-21
CHAPTER - 3  Geomorphic Analysis

3.1 Introduction
3.2 Methodology
3.3 Drainage Network/Drainage Pattern
   3.3.1 Dendritic and Sub-dendritic Pattern
   3.3.2 Pinnate Pattern
   3.3.3 Trellis Pattern
   3.3.4 Radial Pattern
   3.3.5 Rectangular Pattern
   3.3.6 Barbed Pattern
   3.3.7 Sub-Parallel Pattern
   3.3.8 Drainage Anomalies
3.4 Morphometric Analysis
   3.4.1 Stream Order Number
   3.4.2 Basin Perimeter, Basin Length and Basin Area
   3.4.3 Bifurcation Ratio
   3.4.4 Drainage Density
   3.4.5 Stream Frequency
   3.4.6 Drainage Texture
   3.4.7 Circulatory Index
   3.4.8 Constant of Channel Maintenance
   3.4.9 Basin Elongation
   3.4.10 Basin Configuration
   3.4.11 Slope and Relief analysis
      a) Slope
      b) Relief
3.5 Landform and Land use
   3.5.1 Landforms
      a) Major Landforms
      b) Minor Landforms
CHAPTER - 4   Landslides and Perspectives

4.1   Introduction
4.2   Types of landslides
   4.2.1   Falls
   4.2.2   Slides
   4.2.3   Flows
   4.2.4   Slumps
   4.2.5   Complex
4.3   Causes
   4.3.1   Natural Causes
      a)   Inherent Factors
      b)   External Factors
   4.3.2   Anthropogenic Causes
      a)   Deforestation
      b)   Improper/Unsystematic land use/ cover
      c)   Technogenic Factors

CHAPTER - 5   Landslide Hazard Zonation

5.1   Introduction
5.2   Methodology
5.3   Preparation of Facets
5.4   Preparation of Thematic Maps
   5.4.1   Lithology
   5.4.2   Structure
   5.4.3   Slope Morphometry
   5.4.4   Relative Relief
   5.4.5   Stream Frequency
   5.4.6   Land use/Land cover
5.5   Landslide Hazard Evaluation Factor Rating Scheme
5.6   Calculation of Total Estimated Hazard
5.7   Landslide Hazard Zonation
Figures and Tables are numbered as 1.1, 2.2, 3.3 . . . . . and so on. Figures and Tables before decimal refers to the chapter and figures after decimal indicate their serial numbers of that figure and table. They are arranged after their reference in the text. References cited in the text are arranged alphabetically at the end of the thesis.
