ACKNOWLEDGEMENT

At the outset, I would like to record the fact that this thesis work could never have come into being, if I would have not received helps, supports and encouragements from my teachers, colleagues, friends and my family members.

It is my greatest pleasure and pleasant duty to express my sincere and grateful thanks to my supervisor Prof. M.S. Tiwari, and Dr. (Miss) Poornima Varma, Woman Scientist, DST project. I thank their for suggesting the problems and for their inspiring guidance. Their intellect vision, inspiration, affection and care constitute the soul of the present work. In truth, it is their guidance which was available that led to the completion of this work.

I would like to thank Prof. K. K. Saraf, Head, Department of Physics & Electronics, and Dr. H.S. Gour University Sagar, for providing necessary laboratory facilities in the department through out the tenure of the research work.

I am grateful to all my teachers, especially Prof. R.K. Pandey, Department of Physics & Electronics, Dr. H.S. Gour University Sagar for their help, support and constant encouragement during entire tenure of my Ph. D. work.
