# Table of Contents

**Preface**  
iii

1 Introduction  
1.1 Structures on Manifolds  
1.2 Submanifolds  
1.3 Submanifolds of an Almost Hermitian Manifold  
1.4 Some Basics of Submersions  
1

2 Submersions of Generic Submanifolds of a Kaehler Manifold  
2.1 Submersion of CR-Submanifolds  
2.2 Submersions of Generic Submanifolds  
2.3 Submersions of Generic Submanifolds with Totally Geodesic Fibres  
19

3 Anti-invariant Riemannian Submersions from Nearly Kaehler Manifolds  
3.1 Integrability Conditions for the Distributions  
3.2 Totally Geodesic Foliations  
3.3 Product Theorems  
39

4 Anti-invariant Riemannian Submersions from Almost Hermitian Manifolds  
4.1 Geometry of the Distributions  
4.2 Totally Geodesic Foliations and Totally Geodesic Map  
59

ix
5 Generic Riemannian Submersions

5.1 Basic Results

5.2 Geometry of the Leaves of the Distributions

5.3 Decomposition Theorems on Generic Riemannain Submersions

Bibliography
