ACKNOWLEDGEMENT

It gives me great pleasure and honor to acknowledge the people who have helped me in every aspect during the tenure of my Ph.D.

I begin by expressing my deep and sincere gratitude to my guide, Dr. Adinath N. Suryakar, Professor and Head of Biochemistry, Dr. V. M. Medical College who was a source of constant encouragement, appreciation and pillar of strength for me from the beginning till end of report submission. His wide knowledge, ideals concepts and extensive discussions have had a remarkable influence on my research.

I am also grateful to Dr. Ashok D. Shinde, Dean, Dr. V. M. Medical College, Solapur and Dr. Amargit Singh, Dean, Pad. Dr. D. Y. Medical College; Pune for permitting me to carry out the work in this institution.

I am highly obliged to Dr. (Mrs) A. N. Sontakke, Ex Professor and Head of Biochemistry Department, Pad. Dr. D. Y. Patil Medical College Pune for her invaluable suggestions and constant vigilance despite her extremely busy schedule.

I am also thankful to Dr. (Mrs) M. A. Tilak, Professor and Head of Biochemistry Department, Pad. Dr. D. Y. Patil Medical College Pune for extending her support.

I extend my special thanks to Dr. V.N. Dhadke Professor and Head of Medicine Department, Dr. V.M. Medical College and Dr. S. K. Sharma, Professor and Head of Medicine Department, Dr. D. Y. Patil Medical College, Pune and Dr. Suhas Kumbhar, Diabetologist; Yash Hospital, Pune for permitting and providing clinical material for my study.
I would like to thankful to Dr. Amitav Banerjee Professor, Department of Community Medicine; Dr. D. Y. Patil Medical College, Pune for his painstaking efforts in going through the entire manuscript and useful suggestion as well as carrying out statistical analysis of data.

I am highly indebted to my dear colleagues Dr. Umesh More, Dr. Vaishali Dhat, Dr. Rajesh Ankush and Dr. R. V. Katkam for their help, support, interest and valuable hints from the start to the finish of this project.

I am also thankful to the technical staff of Department of Biochemistry; Dr. V. Medical College and Dr. D.Y. Patil Medical College for their co-operation in completing the project.

I am grateful to all the patients with volunteers on whom this study was based.

I owe my entire work and success to my parents Mrs. Shakuntala and Shri Nagnath Chavan and sisters, brothers, nephews. Their unconditional love and care was therefore me every moment. Every day brought in new experiences and they were with me always encouraging me to more ahead, always there to show me the silver lining behind every dark cloud. Without them none of this would have been possible.

And last but not least I am grateful to my husband and son Master Rugved for their kind co-operation throughout the study.

Ms. Sarita N Chavan
