ACKNOWLEDGEMENTS

In the first place I would like to record my gratitude to Dr. Uma Bhandari, Associate Professor, Department of Pharmacology, Faculty of Pharmacy, Hamdard University, New Delhi, for her supervision, advice, and guidance from the very early stage of this research as well as giving me extraordinary experiences throughout the work. Above all and the most needed, she provided me unflinching encouragement and support in various ways. Her truly scientist intuition has made her as a constant oasis of ideas and passions in science, which exceptionally inspire and enrich my growth as a student, a researcher and a scientist want to be. I am indebted to her more than she knows.

I wish to express my sincerest thank to my co-supervisor, Dr. Geetika Khanna, Professor, Department of Pathology, Vardhaman Mahavir Medical College, New Delhi, for her enthusiastic guidance, and prompt help throughout the study. Her interpretation skills, inquisitiveness and down to earth nature, has inspired and motivated me. Working under her guidance was life time achievement for me.

I am also grateful to Prof. K.K.Pillai, Head, Department of Pharmacology, and Prof. R. Zafar, Dean, Faculty of Pharmacy, Hamdard University, for providing the adequate facilities to carry out research work.

My sincere thanks to all the teaching and non-teaching staff members of the Department of Pharmacology for their constant encouragement and help. I am also thankful to Panacea Biotech Ltd., Chandigarh, India, for the gift sample of metformin. I am grateful to Mr. Uday Vegad, Aum Research Laboratory, Ahmedabad, for helping me in standardization and characterization of the Eribes and embelin.

Special notes of thanks are due to my seniors, colleagues and friends Dr. Vinay Kumar, Dr. Rahila, Dr. Javed Ansari, Dr. Bhulan Kumar Singh, Dr. Paevat Kapoor, Mr. Yashpal Sagar, Mr. Farid, Mr. Malay Bhowmik, Mr. Mahtab Alam for their support in completing my Ph.D. The brotherly sanctity, love and care laid upon me by Lucky, Anil Kumar, Umesh Kumar, Mogilappa, Paresh, Parveen Kumar and Virendra Pratap Singh had made my days at Jamia Hamdard the most memorable and unforgettable. The memories of time spent with them will always remain green in my mind.

My deepest gratitude goes to my parents for their unflagging love and support throughout my life; this dissertation is simply impossible without them. It is inexpressible by words my feelings and gratitude to my dear sisters, Harsha and Neeta, whose love, inspiration, encouragement and support made me to put greater efforts. Ravina, thanks for being supportive and caring friend.

Finally, I would like to thank everybody who was important to the successful realization of thesis, as well as expressing my apology that I could not mention personally one by one.
