ACKNOWLEDGEMENT

I wish to acknowledge my sincere and spontaneous thankfulness and indebtedness to my learned research guide Dr. V. G. PATEL (Chemistry department) of Municipal arts and urban bank science collage, Mehsana (N.GUJ.) who has been like a lighthouse for me in my research in the unfathomable ocean of knowledge in chemistry. His intellectual acumen and dialectical power have guided me a lot in my work. His mastery of the subject and the clarity of the concepts and processes have always been an inspiration for me. His Constant encouragement and understanding guidance has imbibed lot of insight in my research work. I thank him from the depth of my heart.

My sincere thanks are due to Dr. D. R. Patel, Principal, Municipal Arts & Urban Science College, Mehsana for providing me with all possible facilities for research with warmth and cordiality. I remember with gratefulness the encouragement and support provided by Dr. M. K. Thakor, Head of the Chemistry Department of the College.

I am grateful to Dr. R. A. Patel, Dr. R. H. Chaudhary and Prof. R. T. Patel of the Chemistry Department for their full cooperation throughout my research work.

A number of friends have played vital roles during the progress of my research work that always stood by me and helped me to overcome difficulties, if any, during my research work. My heartfelt thanks to all of them.

I shall always remain indebted to my loving family who gave their unstinting blessings, support, encouragement and warmth during my
research work, despite the fact that I could pay little attention to them during these busy years.

My heartfelt thanks also go out to every member of the Chemistry Department for extending their whole hearted cooperation.
