Acknowledgements

I feel privileged in expressing my most sincere gratitude to Dr. H.C. Srivastava, Dy. Director, and Head Chemistry Division, ATIRA, but for whose inspiring and meticulous guidance I would not have appreciated the challenge of research. His teachings and suggestions have constantly helped me in acquiring new insight and knowledge and I am sure they will continue to guide me in my future career.

I wish to place on record my grateful thanks to Dr. G.L. Kadan, whose encouragement, unstinted advice and long hours of discussion have been invaluable in these investigations. I am highly indebted to Dr. R.H. Alurkar, Dr. V.A. Sivakia, Dr. Raj Kumar and Dr. T.S. Sarna for various helps rendered by them during the course of these investigations.

I hereby taken an opportunity to thank, Director, ATIRA, for having given me the facilities to work in the institute and council of scientific and industrial research, New Delhi, for awarding a research fellowship.
In fact, I am indebted to all the staff member of ATIRA and especially to those of chemistry division for their help and understanding which not only enabled me to work uninterruptedly, but infused in me a feeling of tremendous selfconfidence.

No words can express the spontaneous feelings, I have in naming Mr. F. Dasgupta, Mr. R.S. Chouhan, Mr. P.M. Pitke, and Dr. A.K. Kulshreshtha, who had been my constant companions and well wishers throughout my stay in ATIRA.
