ACKNOWLEDGEMENTS

Praise is to Almighty God who made me able to carry out the present study successfully. The consummation of this thesis work would not have been possible had it not been for the invaluable guidance, cooperation and inspiration of a number of people. ‘thanks giving’ appeared to be very simple but today I find it the most difficult job and wish had there been some parameter for estimating one’s feelings, my work would have been made easier. These humble words, expressions and gratitude cannot really convey the deep feelings of my heart.

It is my profound privilege to express my deep feelings of gratitude to my esteemed, learned and revered teacher and supervisor Dr. Radhey Shyam, Professor, Department of Psychology, M.D.U. Rohtak for the benevolence, the encouragement, the valuable suggestions and constant guidance rendered at each step that helped me in completing my thesis.

I feel highly obliged and deeply honored to express my profound regards and true expression of respect to my co-supervisor Dr. S.C. Bhargava, Ex. Senior Professor and Head, Dr. Vidya Sagar, Department of Psychiatry, Pt. B.D. Sharma Postgraduate Institute of Medical Sciences, Rohtak, currently working as Consultant Psychiatrist GSMHS WA Australia, for his unceasing guidance, painstaking supervision and kind help. His endless support, unfailing attention and constant inspiration because of which, I was able to undertake this endeavor successfully.

I owe my thanks to Dr. (Mrs.) Sunita Malhotra (former Head) and Dr. (Mrs.) Promila Batra, Professor and Head, Department of Psychology, M.D. University, Rohtak, for their support and providing required facilities during the course of the study. I am also grateful to all other teaching and non-teaching staff of Psychology Department, M.D. University, Rohtak.

I take privilege to acknowledge my sincere gratitude to my worthy teachers, Dr. (Mrs.) Niropma Bhargava and Mr. Mukut Bihari Bhargava, for their timely help and moral support throughout this study.

I am indebted to all the patients who participated in the study for their kind cooperation and help without which the study would not have been completed. I am also
thankful to my friends Dr. P.J.S. Gill, Dr. Munish Sharma, Dr. Jitender Dahiya, Dr. Vijay Kumar, Mr. Ram Kumar (J.D.I.E.C., H.A.C.S., Panchkula), Mr. Sunil and who have provided me a good environment and moral support.

My sincere thanks to my father and mother who have been a source of illuminative inspiration to me. I am sincerely thankful to my brothers Mr. Vijay and Mr. Ajay who forms the backbone of my success by helping me in every manner. My special thanks to my loving wife for her cooperation.

I shall remain thankful to the Librarian, M.D. University, Rohtak and Punjab University, Chandigarh for their cooperation while collecting the literature for the present study.
