ACKNOWLEDGEMENT

It gives me great pleasure to express my deep sense of gratitude and obligation to my honourable guide Dr. R.J. Verma, Professor, Department of Zoology, Gujarat University, Ahmedabad, under whose valuable guidance, keen interest, meticulous efforts and constant encouragement, the present assignment came to its successful end.

I am very much indebted and grateful to Dr. M.V. Rao, Professor and Head, Department of Zoology, Gujarat University, Ahmedabad, for providing me the opportunity to pursue with the research and for his kind cooperation and immense support in completing my work.

I am very thankful to Dr. (Miss) N.J. Chinoy, Professor (Retd.) in Zoology Department for all the valuable suggestions, encouragement and interest in my work.

I am sincerely grateful to Dr. M.D. Friesen of the International Agency for Research on Cancer, Lyon, France, for providing samples of pure aflatoxins.

With immense pleasure and gratitude I acknowledge Dr. U.M. Raval, Dr. N.K. Jain, Dr. H.N. Highland, Dr. K.R. Desai, Dr. Divya Chandel, Dr. Vishnu Prakash and Dr. S.K. Nigam for enlightening me throughout my research work.
I take this opportunity to present my sincere thanks and affection to Mrs. Manjeet, Mrs. Deepa, Miss Sheetal, Miss Krati, Miss Falguni, Miss Nita, Miss Devjani, Mr. Chetan and Mr. Sameer for encouragement and timely help which enabled me in completing this work. Sincere appreciation is extended to all my friends for their support.

During the study period, there have been many people within and outside the department who have very kindly, directly or indirectly helped me. I am extremely grateful to all of them.

I owe much to my dear parents, in-laws, husband, brother and family members for their sacrifice, care, full fledged support and being my pillar of strength throughout the work, without which completion of this work would not have been possible.

I express my appreciation to Mr. Nambiar for painstakingly typing the manuscript with efficiency.
