I submit my thesis entitled "SOME INTERESTING RESULTS IN THE THEORY OF GRAPHS" with a deep sense of fulfilment and boundless joy. This is the realization of one of the ambitions of my life. I express my heartfelt gratitude and indebtedness to one and all who stood by me, supported me and helped me to realize my long cherished dream.

First I sincerely thank the Almighty for the grace showered on me in completing this research work.

I gladly acknowledge my immense debt of gratitude to my research guide Dr. S. K. Vaidya, Professor, Mathematics Department, Saurashtra University(Rajkot). The enthusiasm and the constant encouragement he has shown towards me was motivational during the tough times in the Ph.D pursuit.

Let me be grateful to Dr. D. K. Thakkar, Head of the Mathematics Department, Saurashtra University(Rajkot), all other faculty members for providing the full support.

Thanks are due to my co researchers like Dr. N. A. Dani, Dr. K. K. Kanani, Mr. P. L. Vihol, Mr. N. B. Vyas, Mr. D. D. Bantva, Mr. C. M. Barasara, Mr. N. H. Shah for their help through out the work.

During the process of preparation of my thesis, I have referred many books and research journals for which I personally thank the authors who provided me a deep insight and inspiration for the solution of problems.

I would like to express my deep sense of gratitude to the management and the staff members of Shanker Sinh Vaghela Bapu Institute of Technology for their sincere support.

I sincerely thank my parents, especially my father Prof. T. N. Sreedharan for the constant inspiration throughout my work.

Now its time for me to express my heartfelt appreciation to my husband Dr. G. Biju Kumar and my son B. Gopikrishnan who have been a long lasting source of energy during this exhaustive research. They have sacrificed a lot for the completion of this venture.
