ACKNOWLEDGEMENT

I express my gratitude to my lovable parents for their support and sacrifice throughout my research work.

I take this opportunity to express my deep sense of gratitude and indebtedness to my Research Supervisor and Guide, Dr. P. Martin Deva Prasath, Associate Professor and Head, Department of Chemistry and Biochemistry, T. B. M. L. College, Porayar for assigning the problem and for his able supervision, meritorious guidance, constant support and active involvement throughout the progress of the work.

I am much grateful to Dr. G. Jonas Gunasekaran, Principal, T. B. M. L. College, Porayar for providing the necessary facilities for my research work and for being a source of inspiration and encouragement throughout this study.

I am much thankful to Dr. R. Kunjitham, Associate Professor, Department of Chemistry, Poompuhar College, Melaiyur who played a vital role in the progress of my research work.

I record my heartfelt thanks to Dr. K. Palanivelu, Asst. Professor Dept. of Environmental studies, Anna university for helping me to complete my project work successfully.

I am extremely grateful to record my deep sense of gratitude to Prof. P. Jeyasingh Thanaraj MSc., M.Phil., former Head of the Dept. of Chemistry, T. B. M. L. College, Porayar for his constructive counsel and support throughout the period of investigation.

It is my duty to thank my research mates particularly Mr. S. Thillai Natarajan for their fullest cooperation and help.
