ACKNOWLEDGEMENTS

I would like to express my heartfelt gratitude to my respected research supervisor Prof. (Dr.) A.N. Balchand, Department of Physical Oceanography, for his guidance, valuable suggestions and continuous encouragement throughout the course of this thesis work.

I take this opportunity to express my sincere thanks to Dr. R. Sajeev, Head, Department of Physical Oceanography, for his support. I thank him for providing me necessary laboratory facilities. I thank, Sri. P. K. Saji, Lecturer, Department of Physical Oceanography for his valued assistance. I would also like to thank Prof. (Dr.) N. Chandramohanakumar, Head and Member, Research Committee, Department of Chemical Oceanography for his valuable suggestions. I gratefully acknowledge the support and assistance given to me by the former Head and Director, Prof. (Dr.) P. G. Kurup; the advice rendered by Dr. K. S. N. Namboodiripad is also thanked.

I acknowledge with thanks the facilities provided to me by the Director, School of Ocean Science and Technology and Director, School of Industrial Fisheries of CUSAT.

I would like to record my gratitude and sincere thanks to my “DAS” family, especially to Dr. H. S. Ram Mohan, Dr. K. Mohan Kumar, Dr. C. K. Rajan, Dr. K. G. Anil Kumar, Dr. C. A. Babu, Dr. K. R. Santosh, Sri. B. Chakrapani and Dr. V. Madhu for their support, motivation and encouragement. The support from Dr. P. V. Joseph, Emeritus Professor is remembered with thanks.

The work would not have yielded the desired output without the field data. I sincerely acknowledge the support and help rendered by my friends Dr. K. Ajith Joseph and Dr. K. Rasheed, during the fieldwork and also throughout the entire period. I am also thankful to Dr. Benny N. Peter, Dr. K. Shadananan Nair, Sri T. Chandramohan and Smt. K. J. Thara for the support offered, during the research work and finalizing the thesis.
I am thankful to Dr. S. Muraleedharan Nair, Dr. C. H. Sujatha of Chemical Oceanography Department as well as to Sri Appu, Centre for Space Research, CUSAT. Timely assistance from Dr. Tim Wool of US-EPA is thanked herewith.

I am grateful to Sri. N. Sreekumar and the staff of the office of the Director, School of Ocean Science and Technology, and the staff of Marine Science Library for the co-operation extended to me. The field support given to me by Mr. M. G. Martin, Mr. K. Dinesan, Mr. M. A. Suresh and Mr. Anilajan, of the Research Vessels ANVESHIKA and KINGFISHER are gratefully acknowledged.
