Adaptive Predictive Lighting Controllers for Daylight Artificial Light Integrated Schemes

AUTHOR’S PUBLICATIONS

A. International Journal

4. Integrated Design and Real Time Implementation of Adaptive Predictive Light Controller” (Communicated to Journal of Lighting Research & Technology )

5. An Adaptive Predictive Framework to Online Prediction of Interior Daylight Illuminance” (Communicated to Journal of Solar Energy)

B. AWARDS

1. The present project is funded by Dept. of Science & Technology Govt of India, Vide sanction order No: SR/WOS-A/ET-06/2008, on 29.07.2009. The sanctioned amount for the project is Rs.16,44,000/-.

2. The current project under the title “Integrated Design and Real Time Implementation of Adaptive Predictive Artificial Light and Window Blind Controller” (Invention ID: IN-814205) has won Intellectual Ventures Invention Award 2011.
C. International Conference

D. National Conference
