Pride, Praise and perfection belong to Almighty alone. Every effort is motivated by ambition and all ambitions have an inspiration behind. I owe this place to my parents who encouraged me to undergo higher studies. Their selfless persuasion and sacrifices, heartfelt blessings and firm faith has made this manuscript a pury remuneration to translate their dreams into reality. I thank Almighty for giving me such honest and sacrificial parents to whom I owe all that is mine.

It gives me felicity, reiterating my gratitude and indebtedness to my speculative and dignified guide, Dr. V.R.R. Singh, (IFS), for his constant guidance, encouragement and inspiration throughout the course of the present study. May GOD bless him.

With an overwhelming sense of legitimate pride, genuine obligation and exuberant pleasure, I reiterate my indebtedness to the co-supervisor Dr. Manisha Thakuray (Scientist-E) for her expert and valuable guidance, suggestions, keen interest and constant encouragement during the entire degree programme. This piece of investigation owes its completion to her judicious stewardship, innovative ideas and constructive criticism.

My special thanks are due to Dr. S.S. Negi, Ex-Director, Forest Research Institute, Dehradun, for the encouragement and inspiration.

I emphatically extend my heartiest thanks to Dr. N. S. Bisht (Chirman, RAC) and worthy members of the RAC Dr. P. S. Rawat, Shri Jawaid Ashraf, and Shri Ramji Nautiyal for their suggestions and help during the entire degree programme. I extend my sincere gratitude and appreciation to all my teachers especially Sh. Nirmal Ram (Head, Ecology & Environment Division), Dr. Ajay Thakur (Scientist-E), Dr. M. K. Gupta (Head, FSL/RD), Dr. Dinesh Kumar (Scientist-F), Dr. Nav Bahar (Scientist-C) and Sh. V.K. Dhawan (Research Officer). Sumer Chandra (Scientist-C) and Dr. B.M. Dimri (Scientist-C) for their herculean encouragement.

My very special thanks to Dr. Ombir Singh (Scientist-D) and Dr. H.B. Vasistha (Scientist-F) for their constructive, valuable suggestions and who would be an inspiration for my entire life. I thank them for lending helping hands when they were needed most.

"Words once printed have a life of their own.
