Acknowledgements

First and foremost I bow my head with gratitude before Almighty Allah, Who showered his blessings and provided me an opportunity to explore a part of His vast nature. It is all His grace and mercy that made me able to undertake and complete this work successfully.

From the core of my heart, I express my gratitude and thanks to my research supervisor, Dr. Wasim Ahmad with whose able guidance and supervision I was able to complete this task. Sir has been an unfailing source of inspiration and moral support for me throughout. His vast erudition, interdisciplinary sweep and above all professional catholicity has touched me and has been influencing my academic endeavours. Indeed, his keen interest and untiring help has been much greater than what I deserved. His valuable suggestions and constructive criticisms at every stage are praiseworthy and are acknowledged here with thanks.

Thanks are due to Prof. Mohd. Hayat, Chairman, Department of Zoology for providing necessary laboratory facilities during the course of this work.

The time to time help and cooperation extended by my respected teachers, Prof. M. S. Jairajpuri (Former vice chancellor, M.A.N. University, Hyderabad), Prof. Shahid Hassan Khan, Prof. Irfan Ahmad, Dr. Mahlaqa Choudhary and Dr. Qudsia Tehseen, is also gratefully acknowledged.

It gives me immense pleasure to express my heartfelt thanks to Dr. Azra Shaheen and Mr. Md. Baniyamuddin for providing a friendly environment in the laboratory during the entire work.

I would like to express my appreciation to Mr. Arshad H. Baba, Mr. Sabir Ahmad, Syed Merajuddin, Rameez Raja and Mushtaq Ahmad for their help during the collection of soil samples from different parts of Jammu and Kashmir.

Cooperation of seniors and lab. colleagues, Dr. Md. Manjur Shah, Mr. Md. Mahmood, Mr. Azghar Ali Shah, Mr. Ather Hussain, Ab. Rashid Mir, Rahmat Khan, Razia Sultan, Tabassum Naaz, Shikha Ahlawat, Vijay Tomar and Gaurav Kumar and room partners, Dr. M. Ramzan Mir and G. Dastgheer has been noteworthy and is acknowledged here with thanks.

I register my sincere thanks to my friends especially to Peerzada Zahoore Ilahi, Tanveer Hussain, Farman ur Rahman, Lateef Ahmad, Mushtaq Ahmad and Miss Sabahat for their constant encouragement during the entire course of the present work.

I have been fortunate enough to get love from my sisters Miss Fehnida Hamid and Miss Kaisar Jahan, my brothers, Syed Rais Ahmad, Syed Ashiq Hussain, Syed Irfan Ahmad, Dr. Riyaz Ahmad, Bashir Ahmad, Rouf Ahmad and Shafat Ahmad and from niece and nephew, Anamta and Saqib. Without their love, affection and encouragement it was difficult to accomplish this work.

I feel pride and privilege for my beloved wife Miss Shaista Shareef who proved a symbol of sacrifice, without her love, support and cooperation I would not have been able to pursue this research work.

I should not fail to make a mention of my Mamaji and Mami for their encouragement throughout and making me feel that yes I can do it.

I can’t forget the smiling face of my younger cousin, Mr. Sabzar Ahmad who was anxiously waiting to see this work in the present shape but, alas! he is no more to see.

The financial assistance from the Department of Science and Technology, Govt. of India, New Delhi is also greatly acknowledged.

Special thanks are also due to Mr. Naimuddin for patiently typing and formatting the manuscript.
