Presentations

1. **Vadhva P** and Hasan M. Organophosphate insecticide dichlorvos induced dose-related alteration in discrete regions of the fish brain and spinal cord. Presented at the Annual conference of the Association of Physiologists of India, held on Nov 23-25, 1984 at Goa Medical College, Bombalin Goa.

3. **Vadhva P** and Hasan M. Organophosphate dichlorvos induced dose-related alterations in lipid profiles and lipid peroxidation in various regions of the fish CNS. Presented at the Fifth Annual Conference of Indian Academy of Neurosciences, on Feb 21-23, 1986, held at J.N. Medical College, Aligarh Muslim University, Aligarh.

4. Hasan M, Ali SF, Islam F, **Vadhva P**, Khan NA and Naqvi SMZ. Neurotoxicity of organophosphate pesticides: Contribution of the past decade. Presented at Afro-Asia Oceania Congress of Anatomists on 29 Aug - 3 Sep, 1988, held at All India Institute of Medical Sciences (AIIMS), New Delhi.
5. **Vadhva P and Hasan M.** Neurotoxic effect of dichlorvos on the levels of gangliosides and glycogen in discrete areas of fish brain and spinal cord. Presented at Eighth Annual Conference of Indian Academy of Neurosciences, on March 24-26, 1989, held at Postgraduate Institute of Medical Education and Research, Chandigarh.

**Publications**

2. Vadhva P and Hasan M. Dose-related neurochemical changes in the levels of gangliosides and glycogen in various regions of the fish brain and spinal cord following dichlorvos administration. *Exp Pathol* (communicated).
