List of Diagrams & Tables

Diagram 0-1: Scale of Adroitness of Lingual Articulators 14
Diagram I-1: Phonological Grid of Modern Standard Arabic 27
Diagram I-2: Scale of Adroitness of Supraglottal Articulators 36
Diagram I-3: The Makeup of the Consonantal Units in Terms of the Hierarchy of Adroitness of Supraglottal Articulators 37
Diagram I-4: Emphatic Consonants and their Simple Counterparts 44
Diagram I-5: The Vocalic System of Modern Standard Arabic 50
Table I-1: Frequency of Consonantal Units in the Monosyllabic Words in Terms of the Hierarchy of Adroitness of Supraglottal Articulators 40
Table I-2: Frequency of Apico-dental versus Apico-interdental Emphatic Consonants in Modern Standard Arabic 48
Table I-3: Frequency of Occurrence of Emphatic Consonants and their Non-Emphatic Counterparts in Modern Standard Arabic 48
Table I-4: Frequency of Front Dorsal Vowels vis-à-vis Medial and Back Dorsal Vowels 54
Table I-5: Frequency of Occurrence of Medial versus Back Dorsal Vowels in Modern Standard Arabic 56
Diagram II-1: Makeup of Stops in Terms of Voiceless versus Voiced 65
Diagram II-2: Makeup of Spirants in Terms of Voiceless versus Voiced 66
Table II-1: Frequency of Voiceless versus Voiced Consonants in Monosyllabic Words 68
Table II-2: Frequency of Voiceless versus Voiced Stops in Monosyllabic Words 70
Table II-3: Frequency of Voiceless versus Voiced Spirants in Monosyllabic Words 71
Table II-4: Frequency of Occurrence of Simple versus Emphatic Apical Consonants 73
Table II-5: Frequency of Medial and Back Dorsal Vowels in Terms of Number of Articulators

Table II-6: Occurrences of Voiceless and Voiced Stops and Spirants in Monosyllabic Words in Terms of Assimilative Trait

Table II-7: Occurrences of Stops in CVC\textsubscript{1}C\textsubscript{2} Words in Terms of Voicing

Table II-8: Frequency of Stops in C\textsubscript{1} Position of CVC\textsubscript{1}C\textsubscript{2} Words in Terms of Voicing

Table II-9: Frequency of Stops in C\textsubscript{2} Position of CVC\textsubscript{1}C\textsubscript{2} Words in Terms of Voicing

Diagram III-1: The Phonemic Inventory of Modern Standard Arabic

Table III-1: Frequency of the Consonantal Units in the Initial and Final Positions in the CVCC Words in Terms of Articulators

Table III-2: Frequency of Occurrence of Stops and Spirants in Initial and Final Positions of CVCC Words in Terms of Voiceless versus Voiced

Table III-3: Frequency of the Simple and Emphatic Apical Consonants in the Initial and Final Positions in the CVCC Words

Table IV-1: Formant Frequencies of Long and Short Vocalic Systems of Arabic: Front versus Back Vowels

Table IV-2: Confluence of Predictions in the Frequency of Occurrence of Labial versus Dorsal Stops in English

Table IV-3: Pressure Factor in the Frequency of Voiceless and voiced Stops in Modern Standard Arabic
