ACKNOWLEDGEMENTS

I would like to thank Dr. K. Manivannan, research supervisor, for his suggestions and constant support. I am indebted to Dr. R. Gnanadass, co-supervisor, for his encouragement, dedication and the pains he has taken to clarify my doubts. He was a source of inspiration throughout the present study.

I am thankful to Prof. R. Ananadanatarajan, Department of E & I, PEC, and Prof. N. Satyanarayana, Department of Physics, Pondicherry University, for their support through the useful suggestions and discussions during the present study.

I am thankful to the management of Pondicherry Engineering College and my colleagues in the Department of Electrical and Electronics Engineering, PEC for their cooperation during the period of this work. I am grateful to Prof. D. Govindarajulu, Prof. V. L. Narasimha and Prof. S. Sivumurthy Reddy for generously helping me whenever needed.

I express my immense gratitude to my mother Mrs. A. Ganga, brother Dr. R. Rajkumar, sister in law Dr. R. Hemamalini and aunt Mrs. M. Pushpa for what they are to me. Without them this work would have never come into existence. I am also thankful to my husband Dr. Harish Kumar, for leading me throughout this study starting from the early years of chaos and confusion. The support of my children Anupama H. and Anirudh H., kept me going, even in the tough moments, during the course of present study. I wish to thank the almighty for giving me the strength to complete this work.

Pondicherry, India

R. Rajathy
