First of all my innumerable thanks to Almighty Ambal Agowri, for her blessings and guidance at every stage of my life. She who blessed me with courage and strength to complete this work. All respects for lord Agowri (peace be upon her) for enlighting our souls with the essence of faith in lord and showering all her gentleness and kindness upon us.

I wish to acknowledge here, my carrying mentor, teacher and the tremendous contribution of Dr. A. Panneerselvam, Associate professor, Department of Botany and Microbiology, A.V.V.M. Sri Pushpam College (Autonomous), Poondi – 613 503, Thanjavur District. Research co-ordinator, has to emerge at the top of list, for him the words don’t exist describe how admirable he has been during this whole practice. He has elevated me to a stage, where I am today through a journey of learning, self motivation and above all honesty and dedication. I have the comfort that he will always be there for me. I would never have made it this far, if it weren’t the support and guidance of my dearly loved supervisor and his endurance with his students in letting us find our path to knowledge. I owe him a great deal.

I express my sincere thanks to Honourable Sri. K. Thulasiah Vandayar, Secretary and Correspondent, A.V.V.M. Sri Pushpam College (Autonomous), Poondi – 613 503, for given me the golden opportunity to undergo the Ph.D., programme in the College of excellence.

I am very grateful to Dr. S. Chinnaiyan, Principal and Dr. A. Thayumanavan, Dean Faculty of Science, A.V.V.M. Sri Pushpam, College (Autonomous), Poondi, for their permission to use the laboratory facilities.

I would like to convey my deepest gratitude to Dr. R. Saravanamuthu, Doctoral committee member and Associate Professor, Department of Botany, A.V.C. College, Mannampandal – 609 305, Mayiladuthurai, general in the establishment and strengthening of the original research work. He has guided me a numerous occasions during this study. He is an inspiring person and motivation of generation of young scientists in Tamil Nadu, India.

I wish to acknowledge the support, and encouragement and my special thanks to bellowed teacher Dr. N. Thajuddin, Head of the department of Microbiology, Bharathidasan University, Tiruchirappalli, for suggesting the unexplored problem, valuable guidance, constructive criticism and kind help in phase of the work, who helped me a lot in my research studies by providing the scientific advices.
I am indebted and owe my due respects to Dr. S. Balakrishnan, former Head, Department of Botany and Microbiology, A.V.V.M. Sri Pushpam, College (Autonomous), Poondi, for their kind support, keen interest and encouragement during the initial phase of my research work.

I am indebted and owe my due respects to Dr. R. Chandrasekaran, Co-ordinator, Department of Botany and Microbiology, A.V.V.M. Sri Pushpam, College (Autonomous), Poondi, for his kind support, keen interest and encouragement.

I wish to acknowledge the support and encouragement of senior research fellows, who gave me a chance to enter my Ph.D., programme.

I would like to convey my deepest gratitude to Dr. V. Jeyakumar, Senior scientist and Mr. Amarestan, SRF CARI, Port Blair, Andaman, India, for the collection of cyanobacterial samples at four different sampling sites.

I also wish to acknowledge the help and guidance of other faculty members of Department specially Dr. S. Jeyachandran, Dr. C. Manoharan, Dr. S. Kulothungan, Dr. T. Kumar, Mr. C. Chandran, Dr. V. Ambikapathy, Dr. K. Suresh, Mr. P. Pandian, Mr. G. Senthil Kumar, Dr. P. Madhan Raj, Mr. S. Murugesan, Mr. V. Baskar, Dr. P. Kavitha, Dr. G. Kanimozhi, Dr. K. Kanimozhi, Miss. D. Pavai, Miss. D. K. Usha and other faculty teaching and non-teaching staff members of the Department of Botany and Microbiology, for their help in every possible ways.

I sincerely appreciate contribution of Dr. G. Chandramohan, Associate professor, Department of Chemistry, A.V.V.M. Sri Pushpam, College (Autonomous), Poondi, for offering suggestions.

My special thanks to Dr. N. Anand, former Director, C.A.S. in Botany, Madras University, to make me an interest for research work in identification of cyanobacterial species.

I extend my sincere thanks to Dr. A. Ganesan, Librarian, Head, Dept. of Library and Information Service, of our College, for his help in a possible ways.
I am honour to acknowledge Dr.N.Chandrakala, Assistant professor, K.N.Govt, Arts College. (Women), Thanjavur, for their help in various ways during my study.

I would like to convey my deepest gratitude to my beloved and devoted Parents and Thennu, Mani, K.Umamaheshwari. They supported me in every stage of my life.

I would like to convey my special gratefulness to Ms. NirmalaGunasekeran for her support, encouragement and prayers.

During the entire research period, lab fellows have played a great role, this includes V. Thennarasu, Manager, M/s. Sri Gowri Biotech Research Academy, Thanjavur, for providing laboratory facilities throughout my research period. I also extend my thanks to the staff members Mrs. B. Malini, Mr. S. Ilavenil, Mr. S. Sri Gopal Ram, Mr. R. Bharathidasan, Mr. N. Vijayakumar, Mr. G. Ashok, S.Chandramohan, U.Ganesan and Mr. R. Manikandan, Sri Gowri Biotech Research Institute, for their help in every possible ways.

I appreciate the kind gestures of Dr.G.Muralitharan and Dr.D.Dhanasekeran, Assistant Professor, D.Mubarak Ali, Research scholar, Department of Microbiology, Bharathidasan University, Tiruchirappalli and Miss. Kalaiselvi, lecturer in Microbiology, Bharathidasan University, Orathanadu, for their support in various ways during my study period and field trip.

I wish to express my sincere thanks to Dr.C.Muthukumar, Assistant professor, Dept of Botany and Microbiology, King Soud University, Soudhi Arabia and Dr.R.Vijayakumar, Head, Dept of Microbiology, Bharathidasan University, Orathanadu, for their continuous help during my entire research work.

I am grateful to Mr.S.Kumaravel, Indian institute of Crop Processing Technology, Thanjavur, for his help in the GC –MS analysis.

My special thanks to Mr.Wilson, ACIC, St. Joseph’s College (Autonomous), Trichy-2, for his help in UV and FT-IR spectral analysis of compounds.

My humble thanks and also I am in dept to my Brother, Sister and brother-in-law who have been so wonderful growing up with.

M.PRABAKARAN
