ACKNOWLEDGEMENTS

I bow in reverence to Almightly, Allah whose benign benediction gave me the required zeal for the completion of this work.

Words are limited and the pages are not sufficient to express my sincere thanks and debt to my venerable supervisor Prof. A.K.M. Ghouse, Ex-Chairman, Department of Botany, Aligarh Muslim University, Aligarh, for his brilliant supervision, constant encouragement, invigorating suggestions and boundless generosity throughout the period of this research study at AMU. It was only due to his immense help, one of my long cherished ambitions has come to this shape, as a last man in the queue under his expert guidance. His fruitful discussions and constructive criticism have always been a source of great inspiration to me.

No less is my indebtedness to Prof. Wazahat Hussain, the present Chairman of Department of Botany, AMU, for his encouragement by providing necessary laboratory and library facilities throughout the present investigation.

I also feel indebted to Prof. Ziauddin Ahmad, Department of Botany, who has always been my well wisher and encouraged me with his rich experience and productive knowledge during the entire period of the present study.

Deep appreciation is extended to my senior laboratory colleagues, Dr. Farooq A. Lone and Mrs. Azra Parveen, for their ungrudging help and constant inspiration. A special credit deserves the former who always assisted me efficiently in each and every stage of this work, and this work would not have been completed without his limitless help.

A grateful acknowledgement is also extended to Drs. Fareed A. Khan, P.R. Khan and M.I.H. Khan, for their cherished co-operation in different ways.

I place on records my heartfelt thanks to Dr. Munawar Fazal, Dr. Imran Khan, Dr. Hisamuddin, Dr. M.J. Pasha, Dr. Kalimullah and Dr. N.H. Shah, for their critical views, total involvement and co-operation in bringing out this work.
I acknowledge with immense pleasure from the core of my heart, the help received from Mr. Abbas T.P., Mr. Kunhalavi, M. Mr. Subramanian, G.A. and Mr. Faizal, A.U., at the time of dire need.

Many of my friends deserve to be mentioned here, especially Mr. Abduhaeem K., Mr. Lateef, C.P.A., Dr. Sakeer Husain, Mr. Azees, N., Mr. Abubakkar, K.K., Mr. Ashaq Raza, Mr. Shamsul Hayat, Mr. Moinuddin Khan and Mr. Majid Kazi, their mere association, encouragement and accompaniment have helped me a lot.

Thanks are also due to Mr. Aslam Raza, Mr. S. Waheed and Asim Raza of KLIC, Aligarh for the excellent laser printing and patience.

The financial assistance rendered by the University Grants Commission (UGC), New Delhi in the form of Junior and Senior Research Fellowships is also gratefully acknowledged.

Finally, it will be unfair on my part if I do not acknowledge my elder brothers and sisters, who have been generous enough to inspire me to cross the horizon of this too long and rather irksome academic career. They stood shoulder to shoulder throughout my past and present.

(SAHEED, S.)
