ACKNOWLEDGMENT

Apart from my efforts, the success of this work depends largely on the encouragement and support of many others around me. I dedicate this page to express my gratitude to all of them.

First and foremost let me thank my God, the Supreme Power, whom I perceive in different forms for he took me in his hands whenever I fell down, became desperate and lost & guided me to success.

I express my sincere and heartfelt gratitude to my teacher and guide Dr. Humayoon Kabir S., Associate Professor, Department of Library and Information Sciences, University of Kerala and former Assistant Librarian, CUSAT for the valuable guidance, critical evaluation, suggestions and support given to me throughout the course of my research work.

I wish to express my sincere thanks to Dr.S. Babu Sundhar, former Head, Department of Computer Applications, CUSAT, for the valuable directions given to me at the time of topic selection. I am thankful to Dr. K.V. Pramod, former Head, Department of Computer Applications, CUSAT and Dr. B.K Annan, Head, Department of Computer Applications, CUSAT and all other staff at the department for the support offered to me during the course of my work.

I would like to thank Dr.K.P.Vijayakumar, Associate Professor, Department of Library and Information Sciences, University of Kerala, for his remarkable suggestions given to me at different stages of my work.

I express my deep sense of gratitude to Dr.K.Sajan, Professor in charge of Registrar, CUSAT, Dr. Zackkariya, K.A. Syndicate Member, CUSAT, Sri K.P.Hari, former Secretary of CU E A & K.G.BalaKrishnan, former Vice President of CU E A for the help offered to me in clearing the problems associated with my re-registration, without which I might not have completed by work and submit my thesis.

Dr. Beena C, the University Librarian in charge has always been a source of inspiration and guiding light to me. I take this opportunity to thank her for all the encouragement given to me.
I acknowledge with gratitude the cooperation of all the librarians and library professionals working in the Engineering Colleges covered under my study.

I sincerely thank Sri Jabir K J, Imperial Analytics, for helping me with the statistical part of this thesis.

Smt. Sreereha S. Pillai, my senior colleague and Assistant Librarian, University Library, CUSAT has always been my source of energy and self confidence. I thank Sreerekha chechi for all the support given to me during the entire course of this study.

I’m deeply indebted to the help offered by Dr. Susan Mathew K at each and every step of my research work and especially during the preparation of my thesis. I thank Susan chechi from the depth of my soul for her encouraging words which geared up my confidence in successfully completing this research.

Dr. Sweety Issac, Reference Officer, Sree Sankara University of Sanskrit, Kalady has been my inspirer right from the beginning of my work. Her periodic phone calls, advices, encouragement and support are having a remarkable impact on the success of my research.

The prayers of Smt. Solli A.M. Assistant Librarian, University Library, CUSAT has always been a protecting layer for me at many situations. I acknowledge with gratitude the support and care given to me by Solli Madam.

I express my heart-felt thanks to Sri. Anil Radhakrishnan, Assistant Librarian, University Library, CUSAT, who helped me a lot in adjusting my duty schedules particularly during the time of preparation of thesis.

I’m thankful to Sri P.K. Padmakumar, Assistant Librarian, University Library, CUSAT for his remarkable suggestions and fruitful discussions at different stages of my work.

I acknowledge the help and support offered by Smt. Jinu Sudhakaran, Professional Assistant, School of Engineering, CUSAT.

I take this opportunity to thank my Rajendran Kochachan, for the inspirations, love and care being offered to me all through my life.

I’m deeply indebted to the prayers and encouragement of my Ammamma who longed to see this achievement come true.
The seamless love, affection and caring of my selfless Mother is the backbone of my success. With enduring patience she stood with me in the ups and downs of my life. I express my deep sense of gratitude to her.

My sister Aradhana and brother Abhishek have always been my left and right. The smile of my niece Parvana (Pammu) lighted up many of my cloudiest moments. I thank them all for being with me all through my life.

My daughter Niharika (Chimban) and my son Nirupam (Kunjlan) are the driving forces of my life. I acknowledge with great pleasure and pride the prayers made by my kids for accomplishing this task. My life owes a lot for the support and adjustments made by them particularly during the later stages of my research work.

Finally I sincerely thank my husband Kishore Thomas M. for his advices and motivation without which this work would not have completed.

Archana S.N.
