The preparation of the thesis has been a tedious and a challenging task. Work would not have taken present shape without the cooperation and guidance of so many people, who have helped in various phases of the study.

Indeed the words at my command are not adequate in the form of spirits to convey the depth of my feelings of gratitude to my guide Dr. Rajendra Prasad and my Co-guide Dr. A Ramachary for his valuable guidance, imperative encouragement and never ending zeal for quality work.
