ACKNOWLEDGMENT

The author of the study stands beholden to Professor Q.H. Zaidi, Head of the Department of Education, Aligarh Muslim University, Aligarh for the keen interest he has been taking in the progress of the work, guidance that he has provided so often and facilities that he has given.

He also places on record his deep sense of gratitude to late Professor Habib-ul-Rehman who initiated the study and carried it to data-collection stage as also to late Dr. A. Mujib, who took up guidance of the study subsequently and helped the author reduce to writing a major portion of the work.

His gratitude to Dr. M. Haleem Khan, Reader, Department of Education, the present guide of the study, begs description, as but for his encouragement the author could not have completed the bulk of work lying untouched. It is with his guidance that he has steered the project through.

He is also thankful to all others who directly or indirectly co-operated— the Heads, the staff, and student-teachers in the departments of Education, other educationists, the office and the in-charge, departmental library.
