Praise and thanks be to Allah, first and last, Lord and Cherisher of all the worlds who taught humankind everything they knew not.

I would like to express my deep thanks to my academic supervisor Professor Sanaullah Khan, Chairman of this department. He suggested me to work on this field and throughout the work his meticulous and perceptive criticism and unfailing patient and enthusiastic encouragement have made the success of this attempt possible.

I am thankful to all teaching and non-teaching members of the department specially, Prof. S. Rehman, ex-chairman, for their kind help and co-operation.

I am grateful to Professor T.P. Tripathi, Stat-Math. unit, Indian Statistical Institute, Calcutta for his valuable criticism, constructive discussion and important suggestions on my work. I also acknowledge his hearty cooperation in providing me with all his valuable reference materials on this area including his Ph.D. thesis. To his generosity my gratitude is unbounded.

I gratefully acknowledge the cooperation and help extended to me by Professor Bikas K. Sinha, Professor T.J. Rao, Professor A. Chaudhuri and Dr. A.K. Adhikari of Indian Statistical Institute, Calcutta.

I wish to express my gratitude to my friend Dr. Almech Ali for his encouragement and moral support.

I am grateful to the Govt. of India for awarding me General Cultural Exchange scholarship for this course of study and Jahangirmagar University, Dhaka, Bangladesh for granting me study leave for this course of study.

Finally, I am deeply indebted to my wife Jannat Ara Begum and my sons Sami and Mursalat for their sacrifice and whole hearted support.
