Dear Sir/Madam,

I have taken up a research study on managerial competencies of secondary school principals. This Managerial Effectiveness Scale has been designed to assess the teachers' opinion of the degree to which they feel their principal possesses specific competencies to perform job-related tasks in their schools. The competency statements are related to eight functional areas namely Pupil Development, Personnel Management, School-Community Interface, Financial Management, Curriculum Implementation and Management of Instruction, School Plant and Infrastructure, School Climate and School Improvement, and Administrative Methods and Procedures.

While assessing your principal feel free and be sure that this would be kept confidential and would be used only for research purpose. Your Co-operation would be greatly appreciated.

Thanking you,

Yours Sincerely,

(SUJATA SRIVASTAVA)
Lecturer,
Dept. of Education
The M.S. University,
BARODA.
