ACKNOWLEDGEMENT

There are many people who have been instrumental in the completion of this dissertation. It is a pleasure to thank those who made this possible.

First and foremost, I would like to express my sincere gratitude and profound appreciation to Dr. G. Immanuel for the relentless initiative guidance and unconditional support which helped me in carrying out this research work with the focus. His valuable criticism and academic freedom coupled with patience which has helped me to pursue my research interests and complete the work successfully. I consider it as a great opportunity to do my doctoral programme under his guidance and to learn from his research expertise.

I am highly grateful and thankful to Dr. A. Palavesam, Professor, Centre for Marine Science and Technology, Manonmaniam Sundaranar University, who was generous enough for granting me the opportunity to carry this research work. His magnanimous support was instrumental in completing the work successfully.

I wish to express my sincere thanks to Dr. S. L. Sasikala, Professor and Head, Dr. S. G. Prakash Vincent, Associate Professor, Dr. S. Mary Josephine Punitha, Assistant Professor, Dr. M. Michael Babu, Assistant Professor, Dr. T. Citarasu, Assistant Professor and Dr. M. Krishnaveni, Assistant Professor, Centre for Marine Science and Technology, Manonmaniam Sundaranar University, Rajakkamangalam, for their encouragement and support.
My special thanks to Dr. S. Prakash, Dr. R. Ramasubburayan and Ms. P. Hema Mary for their help during my project work.

It is my privilege and heartful pleasure to thank the management of SRM Arts and Science College, Kattangulathur, the Principal Dr.K. Subburam, and the Vice Principal, Mr. R. Vasudevaraj for their support, which had led this research work towards successful completion in a timely fashion. I also like to thank the HOD of the department of Microbiology Dr.T. Murugan for his kind support throughout the study period.

I would like to acknowledge Dr. R. Murugesan, Scientific officer, Gr. I, SAIF, IIT Madras for his generous help and guidance during measurements on the GC/MS instrument.

I was fortunate to receive the technical assistance from my colleagues and students and would like to express my deep appreciation for all their contributions.

I owe a lot to my husband Mr. Albert and my son Joshua, both encouraged and helped me at every stage of my personal and academic life, and longed to see this achievement come true. I also thank both my father-in-law and mother-in-law for their prayers and good wishes.

Above all, I owe it all to Almighty God for granting me the wisdom, health and strength to undertake this research task and enabling me to its completion.
