ACKNOWLEDGEMENT

I sincerely express my deep sense of obligation and gratitude to Dr. Razeena Padman, Director and Professor, School of Behavioural Science, M.G. University, Kottayam for the valuable guidance. I am much obliged to her sparing the valuable time and for the encouragement and motivation throughout the study.

I would like to thank Dr. P.R. Varghese, Reader, Department of Zoology, Elthuruth College who helped me in the study of finger prints. He was a constant source of encouragement for me.

Mr. K.M. Nazir, Finger print expert, Ernakulam also need special mention. The identification of finger prints became easier with his help.

Dr. Jeevanand, Lecturer in Statistics, Union Christian College, Aluva and Dr. Kurian M.A., Lecturer in Zoology, Marthoma College, Thiruvalla needs special mention. The elaborate work of analysis of data was completed only became of his timely help. I would like to take this opportunity to thank Dr. Jeevanand and Dr. Kurian.

My special thanks to Master Tanveer, my son, who helped me in entering the data, in processing it and in all the works related to this study.
Special mention must be made of Mr. Musammitu, research fellow in NBFGR, Cochin, for his assistance. I also thank, Mrs. Rashiba and Mrs. Veena for their help in collection of data.

Special thanks to institutions like Child Care Centre, Ernakulam, Home of Faith, Nirmala School, Rakshwa School, Assissi Special School, Sneha Nilayam and Vimukthi School. Sister Liza of Sneha Nilayam and Ms. Susan of Child Care Centre, Ernakulam were kind enough to discuss details regarding disabled groups.

Dr. Philip John, Psychiatrist, Ernakulam gave valuable insight into this study and Dr. Sukumaran, Lecturer in Special Education, Behavioral Sciences also helped me in this venture.

I have to thank all my friends for their support throughout this work. I take this opportunity to place on record my sincere thanks to Mrs. Ammalu K.T., retired professor of Zoology, Maharajas College, Ernakulam who introduced me to the subject of dermatoglyphics. Dr. Rethamma K.V., Head of the Department of Zoology, KKTM College, Pullut was a constant source of support to me and without her encouragement I would not have completed this.

I am also indebted to Mr. S. Madhavan, Lecturer in Zoology for his advice and encouragement. I would like to thank all other friends
who supported me. Special thanks are due to Mrs. R.K. Jayasree and M.A. Shaila Beegum Lecturers in English for the final corrections.

I wish to thank the Librarians of Mahatma Gandhi University Library, Kottayam, Medical College Library, Thiruvananthapuram, SCTM Library, Thiruvananthapuram and NIMHANS Library, Bangalore for allowing me to use their library facilities and internet facilities.

I wish to thank Mr. Udayan, Kalamassery for the type setting and other works.

Jameela. T.P.
